FROM

LIEUT.-COLONEL W. P. KENNEDY,

Political Agent, Káthiáwár.

TO

J. L. JENKINS, ESQUIRE, M. A., I. C. S.,

Secretary to Government, Bombay.

POLITICAL DEPARTMENT.

KÁTHIÁWÁR POLITICAL AGENCY,

Rájkot, 22nd August 1901.

SIR,

I HAVE the honour to submit the annual Report on the Administration of Káthiáwár for the year 1900-1901 to which are appended the reports of—

- (1) The Judicial Assistant.
- (2) The Administrator, Navánagar.
- (3) The Assistant Political Agent, Mália.

I have the honour to be,

Sir,

Your Most Obedient Servant,

W. P. KENNEDY, Lieut.-Colonel,

Political Agent, Káthiáwár.

CHAPTER I—*Political.*

Káthiáwár—Area 20,879·906 square miles; Population 23,25,907; Revenue Rs. 1,30,49,098.

1. Colonel Hunter held charge of the Agency from 1st April to 21st November 1900, and again from 22nd February to 6th March 1901—while I held charge of the Agency from the 22nd November to 21st February and from 7th March till the end of the year being appointed substantive Political Agent from the 7th March 1901 on Colonel Hunter's retirement from service.

Personnel.

2. The average rain-fall amounted to 31·35³¹. The last monsoon commenced very late at the end of July 1900, and though the total was over the average, 93 per cent. of the total fell in August alone and that too in heavy short falls, flooding the country and doing almost more harm than good; consequently the out-turn of crops was bad averaging about $\frac{9}{16}$ of an average normal year.

Season and rain-fall.

3. The principal events of the year under report were :—

Principal events.

(I) The visit of His Excellency Lord Curzon the Viceroy and Governor General of India to Verával—Pátan—Junágadh and Rájkot in November last.

His Excellency when at Rájkot held a Darbár in the Connaught Hall and presented prizes at the Rájkumár College.

(II) The demise of Her Imperial Majesty the Queen Empress on 22nd January 1901. In consequence of this sad occurrence there was general mourning all over the Province, and meetings expressing condolence with His Majesty the King Emperor Edward VII and the Royal Family were held at all important places in Káthiáwár. The grief was universal and genuine.

(III) 34 separate tribute paying Chiefs and Tálukdárs died during the year, notable amongst them being the late Rána Shri Vikmátji of Porbandar; His Highness Mánsinhji Ráj Sáheb of Dhrángadhra; and Thákor Sursinhji of Láthi.

(IV) Installation of His Highness Rána Shri Bhávsinhji on the Gádi of Porbandar on the 15th September 1900.

(V) Installation of His Highness Ajitsinhji on the Gádi of Dhrángadhra on the 3rd December 1900.

(VI) Marriage of the minor Jám Sáheb of Navánagar on the 12th and 14th February 1901.

(VII) Visit of His Highness the Thákor Sáheb of Morvi to England in November 1900.

4. The final census was taken throughout the Province on the 1st March 1901. The population according to this census was 23,25,907 as against 27,52,404 according to the census of 1891—thus shewing a decrease of 4,26,494 souls. This decrease is traceable to the severe famine which was followed by cholera and fever of a very malignant and persistent type which carried off a great many people.

JHÁLÁVÁD PRÁNT.

Area 3,978·106 square miles; Population 3,05,127; Revenue Rs. 4,28,156.

5. Captain H. D. Merewether was in charge of the Pránt throughout the year.

The office of the Deputy Assistant Political Agent was held by Ráo Bahádur Kaliánrái Dámódarrái from 1st April to 18th November 1900 and by Khán Bahádur Hormasji Jamsedji Antia from 26th November till the end of the year.

6. The last monsoon commenced about the end of July 1900. It was not seasonable and the agricultural season out-turn was far from satisfactory. The Kharif crops averaged 4 to 5 annas and Rabi crops averaged 6 to 8 annas in a rupee.

DHRÁNGADHRA—1ST CLASS.

Area 1,156·5 square miles; Population 70,746; Revenue Rs. 1,26,936; Tribute Rs. 44,677.

7. His Highness Sir Mánsinhji, K. C. S. I., Ráj Sáheb of Dhrángadhra died on the 19th November 1900 after a short illness and his grandson His Highness Ajitsinhji was installed by me on the Gádi on the 3rd December with the usual ceremonies.

Death of late Ráj Sáheb Sir Mánsinhji, K. C. S. I., and installation of His Highness Ajitsinhji.

8. The average rain-fall in the State was 13·81. The monsoon commenced very late and ceased earlier than usual. The total revenue realized from grain and cotton was estimated at only Rupees 12,936. This is one of the States which has suffered the most from the last famine and its resources have been seriously crippled.

9. The amount expended under this head amounted to Rs. 4,319.

Public works.

The expenditure incurred on account of relief works during the year was Rs. 80,000 and that on account of the poor-house at Dhrángadhra was Rs. 50,000 besides Rs. 65,000 on the earth work of the Railway extension from Dhrángadhra to Halvad.

LIMBDI—2ND CLASS.

Area 343·96 square miles; Population 31,221; Revenue Rs. 44,511; Tribute Rs. 45,533.

10. Sir Jasvatsinhji, K.C.I.E., the Thákor Sáheb of Limbdi attended the Viceroy's Darbár at Rájkot on the 6th November 1900.

Visit of the Chief to Rájkot to attend the Viceroy's Darbár.

11. The average rain-fall was 22·75, but it was not even, or timely
Season and Crops. and so both Kharif and Rabi crops suffered more or less.

12. The expenditure incurred on account of famine relief works during the year was Rupees 94,312-11-7.
Public works.

WADHWÁN—2ND CLASS.

Area 236·16 square miles; Population 34,753; Revenue Rs. 76,000;
Tribute Rs. 28,691.

13. The Thákor Sáheb did not enjoy good health during the year and
Health of the Chief. could not attend the Viceroy's Darbár at Rájkot on the 6th November 1900.

14. The rain-fall was only 13·88—it was not even seasonable and so
Season and Crops. affected the yield more than 50 per cent. The cotton crop did not grow well and on the whole the crop suffered considerably.

15. The expenditure under this head was Rupees 12,479.
Public works.

LAKHTAR—3RD CLASS.

Area 247·43 square miles; Population 15,036; Revenue Rs. 17,000;
Tribute Rs. 7,351.

16. The Thákor attended the Viceroy's Darbár at Rájkot on the 6th November 1900.
Visit of the Thákor to Rájkot in November 1900.

17. Of the three Kumárs the heir-apparent Kumár Shri Balvirsinhji is
Education of the Kumárs. now prosecuting his studies privately. The other two Kumárs viz. Kumár Shri Mánsinhji and Bhagvatsinhji study in the Vernacular School at Lakhtar.

As remarked by Colonel Hunter in his last year's report the Chief has turned a deaf ear to all persuasion to give them an education fitted to their position.

18. The average rain-fall was 10·25. The out-turn of grain crops are
Season and Crops. estimated at 6 annas in a rupee. The cotton crop was $\frac{1}{5}$ of what it should have been in an ordinary good year.

19. The expenditure under this head was Rupees 6,927, while the
Public works. famine expenses amounted to Rupees 70,899-3-11 as shewn below:—

(1) Relief works	20,675	15	8
(2) Poor-house	3,314	8	6
(3) Takávi, seeds &c.	34,259	3	0
(4) Loans to Bháyáts and Mulgirásiás	12,649	8	9
	<u>70,899</u>	<u>3</u>	<u>11</u>

The items 3 and 4 are recoverable.

SÁELA—3RD CLASS.

Area 222·1 square miles ; Population 11,635 ; Revenue Rs. 20,000 ;
Tribute Rs. 15,511.

Season and Crops. 20. The rain-fall during the year was 16·9 : as it fell adversely the out-turn of crops was poor.

Famine expenses. 21. The expenditure under this head was Rupees 65,078-14-8.

CHUPA—3RD CLASS.

Area 78·2 square miles ; Population 11,919 ; Revenue Rs. 52,000 ;
Tribute Rs. 7,143.

Season and Crops. 22. The rain-fall during the year was 19·32, but it came very late and was not seasonable. The average out-turn of Kharif crops was 8 annas, while that of wheat 12 annas and cotton 6 annas in a rupee.

Public works. 23. No public works were executed except road repairs. The expenditure on account of Relief works was Rupees 15,714-1-9.

BAJÁNA—4TH CLASS.

Area 183·12 square miles ; Population 10,270 ; Revenue Rs. 17,958 ;
Tribute Rs. 8,037.

Season and Crops. 24. The rain-fall during the year was 12·33. It was not seasonable and the result was an utter failure of Bájri and Juvári crops. The out-turn of cotton was 6 annas. The year was also one of great anxiety. The effects of famine, the loss of lives of human beings and cattle had cast a gloom over the Táluka.

PÁTDI—4TH CLASS.

Area 39·4 square miles ; Population 2,190 ; Revenue Rs. 900 ;
Tribute Rs. 5,235.

Season and Crops. 25. The total rain-fall was 17·30—As it was not seasonable, the Kharif crops generally failed and were estimated at 4 annas in a rupee while Rabi crops were not good. The cotton crop was estimated at 8 annas in a rupee.

Relief expenses. 26. The expenses under this head amounted to Rupees 17,385-4-6.

These results are satisfactory and are creditable to the Police of the various States.

Working of Agency Police. 140. The results of the working of the Agency Police are as under:—

Number of accused arrested	2,211
Do. convicted	1,606
Percentage of conviction to arrest ...	72·63
Value of property stolen	36,532
Do. recovered	14,961
Percentage of recovery	40·67

These results may be also regarded as satisfactory.

141. 2,160 cases of cognizable offences were reported to the Agency Police against 1,859 in 1899-1900, while the number of non-cognizable cases was 221 against 426 last year. The number of cognizable cases is the highest number the Agency Police have ever had on their register in one year. The increase in the number of the crime, which is solely confined to house-breakings and thefts, is due undoubtedly to the abnormal condition of the season the year having been one of scarcity following an absolute famine.

Cognizable crime and non-cognizable crime.

142. The following statement shows details of Statistics of both classes of crime. both classes of crime in each of the Prants under Agency jurisdiction:—

Prants.	Area in square miles. (Thánás).	Population. (Thánás).	Years.	No. OF CASES REPORTED.

AGENCY COURTS.

Regular, Special and Temporary Courts of the Agency. 145. The Courts under this Agency may be classed under three groups, viz., regular, special and temporary.

Regular.

- (1) Political Agent's Court including that of his Judicial Assistant.
- (4) Assistant Political Agent's Courts.
- (4) Deputy Assistant's Courts.
- (15) Thánadár's Courts.
- (1) Deputy Thánadár.

25

Special.

- 1 Bántva Nyáyádhish.
- 2 Jhinjhuváda Kámdár.
- 3 Dedán Thánadár.

Temporary.

Courts of States under Agency management.

The number of these last varies according to the number of jurisdictional States under Agency management for the time being.

146. The following abridged return will show at a glance the work both original and appellate, performed by the regular Agency Courts:—

Work performed by the regular Agency Courts.

Civil cases filed and value thereof as compared with the previous year.

149. 44 cases were tried during the year by the Chief Court of Criminal Justice against 46 last year, of these 12 were of murder, 3 attempt to murder, 3 culpable homicide not amounting to murder, 1 theft and 25 others.

No. of Sessions cases.

150. The following statement shows the number of cases committed to the Court of Sessions by the different States and Courts and disposed of in the year 1900-1901 as compared with the year 1899-1900.

151. Besides the 44 Sessions cases the Judicial Assistant disposed of 27 criminal appeals and 50 civil appeals total 87 against 106 last year.

Criminal and civil appeals.

152. The result of the criminal revision work during the year shows that in 24 cases the proceedings of the Lower Courts were sent for, in 16 cases the decisions were confirmed, in 2 cases the decisions were modified and in 6 cases they were reversed.

Criminal and civil Revision.

The result of the civil revision work shows that out of 13 cases in which the proceedings were sent for, decisions were confirmed in 8 cases, in 4 cases they were modified and in 1 case it was reversed.

Girás cases of States below Class IV.

153. The Judicial Assistant disposed of 36 Rájasthánik Court cases including land and Hakpatrak.

Inspection of record of subordinate Courts.

154. The Judicial Assistant examined the records of 6 Thána Courts and of 8 Courts under Agency management.

155. There were 315 applications to be disposed of in the commencement of the year, 706 new applications were filed making a total of 1,021, of which 422 were disposed of and 599 remained over. The decrease in the number of applications filed was due to the famine followed by a bad year.

Applications for execution of decrees.

156. The following statement shows that 775 documents aggregating in value Rs. 8,48,624 were registered as against 601 documents aggregating of the value of Rupees 6,96,582. The increase is due to the fact that a greater number of Tálukdárs borrowed money to meet their demands in consequence of the famine and the subsequent bad year.

There has been a decrease in the disposal of civil cases this year also and it is traceable to the famine, the effects of which were felt on at the period of this report.

158. The following is a return showing the number of criminal trials held by the State Courts of Class I to VII including those under management :—

CLASS.	No. of offences.	No. of cases.	No. of persons convicted.	No. of persons discharged.	Total No. of persons tried.

Applications from Bháyáts and Girásiás to the Political Agent in connection with the decisions of the late Rájasthánik Court.

160. There were 19 applications from the Bháyáts and Girásiás of different States, of which 11 applications were disposed of during the year, while 8 applications remained over.

In respect of 9 applications the Agency declined to interfere until the parties had exhausted all their remedies in the State Courts.

In respect of 2 applications the Agency advised the State to modify their orders.

PRISONS.

Prisons.

161. The total number of prisons in the Province is 144 the same as last year.

There are—

- 2 Agency jails at Rájkot and Wadhván Civil Station.
- 2 Lock-ups at Songadh and Jetalsar Civil Station.
- 16 Thána Lock-ups.
- 121 Jails and Lock-ups in States and Tálukás.

The total expenditure on account of prisoners amounted to Rupees 1,99,450 as against Rupees 1,56,473 last year. The daily average of prisoners was 2,321 against 1,866.

CHAPTER IV—*Production and Distribution.*

162. The last monsoon commenced very late *i. e.* quite at the end of July and when rain fell the greater amount fell in excessively heavy down-pours flooding the country and doing almost more harm than good. The rain came too late and too copiously (when it did come) for the Kharif crop; and there was practically none for the Rabi crop. The average crop was $\frac{9}{16}$ of an ordinary year. The average rain-fall during the year was:—

against the annual average of 23 inches for the whole of the Province.

Agricultural experiments. 163. No agricultural experiments were made during the year on account of late and unseasonable fall of rain.

Locusts. 164. No Locusts appeared this year.

Staple food. 165. The staple crops are Juvári, Bajri, wheat, gram, pulse, cotton, oilseeds and sugar-cane.

Cattle disease. 166. There was no cattle disease.

167. There is nothing new to record under this head. Efforts were made to promote the growth of babuls, but the results have been almost entirely lost on account of recent famine.

Forests.

168. The recent famine interfered with all sorts of manufacture. Dearness of cotton caused stagnation in cotton industries. One new press was opened at Dhola, but very little business was done.

Manufactures.

169. The statement below shows the number of stallions maintained at the paddocks and the number of mares covered which aggregate 635 against 907 in the year before.

The horse and mule breeding Commission visited the paddocks at Bhavnagar, Rajkot, Vankaner, Palitana and Junagadh and were impressed with some of them. There is a project on foot to obtain a tract of land in the Province, and to start a Government establishment.

170. The Donkey Stallion "Khan Bahadur" at Manavadar died in October last. There is very little mule breeding in Kathiawar and it is not likely to become popular.

Mule breeding.

171. No horse-show was held in the Province on account of recent famine.

Horse-show.

172. The following table contains statistics of sea-borne trade of the Province excluding Baroda ports. They show an increase in imports and decrease in exports. There is an excess of Rupees 3,61,42,494 in imports over exports on the total value of trade, the imports through Sorath ports alone show a diminution.

RAILWAYS.

173. The following is the total length of Railways in Káthiáwár viz 581½ of 3 different gauges.

B.-G.-J.-P	334

Jámnagar	54½
Dhrángadhra	20¾
2'6" Morvi gauge	94½
Standard gauge B.-B and C.-I. Railway	32
	581½

174. The gross earnings of (a) the B.-G.-J.-P., (b) J.-R., (c) Jámnagar and (d) Dhrángadhra Railways amounted to Rs. 23,63,102 against 22,42,609 in the previous year and the working expenses amounted to 11,87,592 against Rs. 11,64,431. The mileage result of earnings comes to Rs. 99.84 gross and Rs. 49.67 net per mile per week against 94.75 and 45.55 respectively in the previous year. The dividend accruing to the proprietary States during this and the preceding year was as follows :—

	Net earnings	Percentage of the year	Percentage of last year.
Bhávnagar.....	5,60,218	7.13	6.41
Junágadh.....	1,51,934	4.17	3.94

Jámnagar	59,540.....	2.58	2.23
Dhrángadhra.....	18,984.....	3.24	3.46

Showing an increase on most of the lines which is no doubt due to the large imports of grain.

175. The gross earnings of the Morvi Railway amounted to Rupees 4,23,308 against 4,20,486 and the expenditure was 2,64,514 against Rupees 2,50,433 in the previous year giving 86.27 gross and 37.51 net earnings per mile per week. The dividend returned was 6.36 per cent. on capital cost against 6.78 in the previous year.

176. The Chief of Morvi entered into an agreement for the conversion of his Railway into a metre gauge and the earth work on the line was done as famine relief work. Nothing further has however been done in this direction during the year as the conversion between Virangám and Wadhván has not yet commenced.

177. The enrolled strength of the volunteers was 56 against 66 in the previous year showing a decrease of 10. Of these, 44 qualified as extra efficient, 10 as efficient and 2 non-efficient. The average attendance at drill was fair. The company was represented at the annual Camp of Exercise, which was held at Sabarmati from 20th to 27th January 1901 and was attended by 11 members who could be spared from their railway work.

Railway Volunteers.

Accidents.

178. There were 11 fatal accidents on the B.-G.-J.-P. Railway.

PUBLIC WORKS.

179. The total amount spent by the Native States upon public works during the year amounted to Rupees 25,21,504 excluding famine works against Rupees 34,04,976 in the previous year. The figures of the 1st and 2nd Class States are given below:—

Public works.

Bhávnapar heads the list.

180. The total amount spent during the year through the Agency Engineer, on public works was Rupees 50,740 against Rupees 90,266 in the previous year. This is exclusive of public works in the Rájkot and Mánávar States and famine relief irrigation works. No original works were undertaken during the year. The following irrigation works were continued under the Agency Engineer: —

POST AND TELEGRAPH OFFICES.

Telegraph Office. 181. No new Telegraph office was opened during the year.

Post Offices. 182. Eight new Post offices and 27 letter boxes have been established during the year.

183. The number of offences connected with His Majesty's Mail was one as against 3 in the previous year. This case occurred in the Sáela State territory on 8th June 1900 when the runner was attacked by 16 men about 4 miles from Dolia and 1 mile from Sejakpur Post office. There was no money in the Mail bag. 8 culprits were convicted and sentenced by the Sessions Court to various terms of imprisonment.

CHAPTER V—Revenue and Finance.

184. The following Statement shows the demand, collections and outstanding balances of the Tribute due to the British and Gáekwár Governments and Junágadh State for the year under report:—

LOCAL FUNDS.

186. The account of the Consolidated Fund which forms an appendix to the report shows receipts amounting to Rupees 1,81,465 and expenditure amounting to Rupees 1,78,920 as compared with receipts Rupees 2,02,873 and expenditure Rupees 1,82,846 respectively in the previous year.

Although the total payment made from the Fund was Rupees 2,08,920, it included a sum of Rupees 30,000 advanced to some of the States as a temporary loan which was subsequently converted into a long loan. The actual expenditure was thus Rupees 1,78,920.

The following shows the increase and decrease in receipts under the several heads:—

	Increase.	Decrease.
Interest on invested capital.....	...	3,368
Mohosali collections	71	...
Fines including sale proceeds of un-claimed property	...	1,219
Institution fee in civil suits in cash...	1,023	...
Sale proceeds of Court-fee stamps ...	...	6,263
Vakils Sanad-fee.....	822	...
Translators do.	...	79
Fee for certificate of heirship.....	...	107
Miscellaneous fees.....	...	190
Rents	77	...
Agency Press receipts.....	...	911
Contributions and recoveries	...	21,310

Refunds	8,780	...
Rajkot Station Improvement Fund..	...	890
Advances recoverable	...	14,462
	<u>27,309</u>	<u>48,718</u>

The reason for such a large falling off in receipts on account of interest on invested capital is due to the fact that Government securities of the nominal value of Rupees 2,75,000 were sold with the sanction of Government (vide Government Resolution No. 3,993 dated 1st June 1900) and the amount invested in the Local Fund Famine Loan Fund, the interest on the same not having been received as yet.

187. The receipts on account of Court-fee stamps has also fallen off, the reason being the famine of last year which has brought the civil work of the Province largely to a standstill.

Stamp labels.

The falling off in the receipts on account of contributions and recoveries is owing to the non-recovery of a large portion of the contributions also on account of the famine.

The large excess in miscellaneous receipts is due to the professional advice of the Agency Engineer having been sought for by some of the States to carry out irrigation works in their respective territories. His fee received from the States on that account has been credited under that head.

The increase and decrease under other heads is trifling.

188. The annual meeting of the Kárbháris was held on 9th November 1900 when the Budget of the States General Fund was passed. A copy of the proceedings of the meeting was submitted to Government for information.

States General Contribution and Endowment Fund.

The following allotments were sanctioned at the meeting :—

CHAPTER VI.—*Vital statistics and Medical service.*

Hospitals and Dispensaries. 189. The total number of Hospital and Dispensaries in the Province is the same as last year viz. 114.

Of these the following 24 are under the supervision of the Agency Surgeon :—

- 1 West Hospital.
- 3 Civil Station Dispensaries.
- 8 Thána Dispensaries.
- 9 Dispensaries in States under Management.
- 3 Temporarily placed under supervision.

190. Excluding the West Hospital at Rájkot, to which special reference will be made later, the total number of patients treated at these institutions was 10,66,631 against 8,46,247 in the previous year. The total cost of maintaining the institutions was Rupees 2,95,362 against Rupees 3,11,935 in the previous year.

Patients treated.

191. The public health was bad owing to the severity of the recent famine during the earlier months of the year. Malarial fever of a severe type attacked many and caused great mortality owing to the general debilitated condition of the people. During the monsoon months cholera of a severe type prevailed in the whole Province causing great mortality.

General health.

192. Cholera was very severe in Thánás. In the town of Rájkot 749 cases were reported of which 482 proved fatal. In the whole of Káthiáwár 55,563 cases were reported, of which 40,658 proved fatal.

Epidemics.

193. Notwithstanding the intimate connection of this Province with Bombay, Karáchi and Kutch, only small areas on sea borders of the Province were infected. The same measures to keep out the plague as described in the previous year's reports were adopted. A strict medical inspection was carried out at several Stations. At Bhávnagar and Porbandar a recrudescence of the disease occurred and lasted till 20th June 1900 at the latter place and 17th April 1901 at the former place. There was plague at Verával but it ceased from 12th November 1900.

195. Major W. H. Burke, M. B., I. M. S., was in charge from 1st April to 16th November 1900 and Captain Ashton Street, M.B., F. R. C. S., I. M. S., from 17th November to 31st March 1901. There were several changes among the Assistant Surgeon attached to the West Hospital. 6,910 out-patients and 1,277 in-patients were treated at the Hospital against 5,188 out-patients and 906 in-patients in the previous year. The increase in the number of in-patients is due to diseases directly or indirectly ascribable to scarcity of food. There were 275 operations performed during the year against 383 in the previous year. The death rate of Hospital was 15·3.

Rasulkhānji Hospital for women.

196. Miss C. M. Wickham, M. D., was in charge of the Hospital during the whole year.

In September 1900 a small ward containing 5 beds was opened for low caste women. 4,381 out-patients were treated during the year as against 3,837 in the previous year and the average daily attendance rose from 48·49 to 54·32.

The number of in-patients treated during the year was 324 as against 175 in the previous year.

The total expenditure amounted to Rupees 16,893 as against Rupees 12,287 in the previous year. The amount was defrayed from the States General Contribution Fund. This institution is now becoming appreciated by the women of the Province.

197. During the year the first course of instruction was completed. The result of the examination was satisfactory. One stipendiary student was added to assist in the preparation of tinctures, extracts &c.

Laxman Vala Chemical Laboratory.

There were 21 students at the end of the year. 11 scholarships are provided by the States while the remainder are private students.

198. The total number of vaccinators is 52, of these, 23 are under the Agency Surgeon and the rest, in the 5 States who control their own vaccination operations.

Vaccination.

The total number of primary and re-vaccination performed during the year was 51,788 as against 87,245 in the previous year showing a decrease of 35,457. The cause of this is due to the decrease in population owing to excessive mortality among children—the result of severe famine and the disease is brought in its train.

199. The percentage of success, as returned by the vaccinators under the Agency Surgeon was 96·17 in primary and 65·19 in re-vaccination and in the 5 Native States 93·11 and 75·19 respectively for primary and re-vaccination. It appears that the number of persons successfully vaccinated per 1,000 of the population has greatly diminished during the year in the Morvi State.

200. Only 9 villages were affected by small-pox during the year, the same number as the last year, and the total number of small-pox cases amounted to 156 against 129—an increase of 82 cases reported in Jāfarābād alone, the same having been imported from Bombay. 52 cases occurred in Wadhvān. Out of 156 cases only 17 proved fatal.

Out of 25 vaccinators under the control of the Agency Surgeon the work of 15 was found to be good, that of 6, fair and 2 rather bad.

The Agency Surgeon acknowledges the assistance rendered by the Police in carrying on vaccination which is not compulsory.

CHAPTER VII.—*Education.*

201. On account of the complete control of their own Educational arrangements having been entrusted to the States of Class I and II, a new epoch in the history of education in Kāthiāwār was initiated. The Inspecting Staff was reduced as 698 schools with 55,366 scholars belonging to the States of Class I and II went under their control. The office of the Educational Inspector was reduced to the Chief Deputy Educational Inspector on Rupees 300 rising to Rupees 400 per mensem and Mr. Dhirajrām Vishvanāth Vyās was appointed Chief Deputy Educational Inspector for the schools under Agency supervision and took charge on the 1st December 1900. Mr. Turkhud retired and took the appointment of the Head of the Educational Department in the Gondal State.

202. The Educational institutions in this Province number 1,203 with 72,230 scholars against 1,265 with 88,501 scholars in the previous year showing a decrease of 62 schools and 3,205 scholars. The decrease is chiefly due to private schools which have declined by 52 in number. The public institutions have fallen off by 10 only.

They are as follows :—

1	Rájkumár College.
1	Tálukdári Girásia School.
1	Gondal Girásia School.
1	Sámaldás Arts College.
7	High Schools.
2	Training Colleges.
45	Middle Schools for boys.

811	Primary Schools.
93	Do. for girls.
14	Aided Schools.
30	Private Institutions advanced.
196	Elementary.
1,203	

Proportion of Scholars to population.

The percentage of the total number of pupils to the total population of the Province is 3·10 the same as last year.

Of the total number of children under instruction 61,563 are males and 10,667 females. The percentage of boys comes to 34·58 and of girls 6·23.

The total expenditure on public instruction was Rupees 8,19,097 against Rupees 8,68,602 in the previous year.

HIGH SCHOOLS.

The number of High Schools is the same as last year. The number of pupils has decreased from 2,699 to 2,142. All the High Schools except Káthiáwár, Jámnnagar and Bhávnagar High Schools show increase in fee receipts.

The Alfred High School. 203. The number of pupils has fallen from 387 to 306.

The result of the annual examination of the school was good.

The result of the matriculation examination was fair, the number of passes being 21 against 25 in the previous year.

The following table shows the result of the matriculation passes from the several High Schools :—

Junágadh High School.....	4
Jámnnagar	9
Bhávnagar	18
Morvi	7
Wadhván	12

PRIMARY EDUCATION.

The number of recognized primary schools including girls schools shows a decrease of 9 schools and 8,945 scholars in all such schools. The decrease is general and is attributed to plague and cholera or fever following close upon famine.

AIDED SCHOOLS.

This class shows a decrease of 1 school and 23 scholars.

Night Schools.

The number of schools has decreased from 44 to 12.

Unrecognized Schools.

There is a decrease of 52 schools and 2,862 scholars under this head.

Girls Schools.

The number of girls schools has increased from 92 to 93 but the number of pupils have fallen from 9,049 to 8,086. Besides these, 273 girls attend boys School as against 312 in the previous year.

Of the 93 girls schools, 23 are under the Agency and 66 are under the States, 3 are private and 1 unaided school.

Mahomedans.

In all kinds of schools, recognized as well as unrecognized, the number of such students has decreased from 20,128 to 17,631.

Rural Schools.

There are 128 Rural Schools as against 109 in the previous year showing an increase of 19 during the year. They are as follows :—

Agency	22
Private	11
States	95
	122

Low castes.

No boy of the depressed castes has sought admission into the Agency Schools. But the Morvi State has returned 42 children, 22 of whom are boys and 20 girls. Gondal State has returned 3. There are 9 in the Mission School at Rajkot and 1 boy in an unrecognized School. So the total number of children of the depressed castes is 55.

Normal Schools.

The number of trained masters has risen from 572 to 573. The number of trained mistresses is the same viz. 56. There is a decrease of one in the trained male assistant but an increase of 7 in the female assistants.

Agricultural class.

Like last year, there are only 2 such classes, one attached to the Training College and the other to the High School at Bhávnagar. The number under instruction has decreased from 43 to 20.

MALE TRAINING COLLEGE.

204 Mr. Dayálji Morárji Desái, Principal of the College retired during the year and Mr. Pránjivan Doctor B. A., an old and trained servant, succeeded him.

Personnel.

There were 51 students during the year, the same as last year. 58 students were presented for examination, 9 at Ahmedábád and the remainder at Rájkot. Of the 9 who appeared at Ahmedábád 7 passed in the 1st class and 2 in the 2nd class. Of the 49 at Rájkot 48 passed. In the 2nd year class 21 passed of whom, 13 in the 1st class and 8 in the 2nd class. In the 1st year 27 passed. The results were very satisfactory. During the year the College sent out 26 teachers of whom 9 held a 3rd year's, 13 a 2nd year's and 4 a 1st year's certificate. The total number of certificated teachers sent out by the College upto the year 1900-1901 was 821.

The practising school attached to the College is in a very efficient condition. The number on the roll has fallen from 112 to 110.

Barton Female Training College.

205. The number of students has decreased from 24 to 23. 19 of these are stipendiary and 5 non-stipendiary and belong to the following castes:—

Barton Female Training College.

Bráhmíns	19
Vaniás	2
Mahrátha	1
Koli	1
	23

After the entrance examination 12 new students were admitted 8 with stipends and 4 without stipends.

The result of the examination was again cent per cent. this year and reflects great credit on the management and working of the Lady Superintendent Miss Corkery.

PRACTISING SCHOOL.

The number on the rolls of the Practising School was 129 against 134 in the previous year. At the annual examination 95 were presented and 87 passed.

PHYSICAL EDUCATION.

206. All the High Schools and Middle Schools have cricket clubs and physical education is attended to.

Physical Education.

Public Service Examination.

207. No candidate presented himself for this examination during the year. The Deputy Educational Inspector remarks that the examination is not a popular one in this Province as certificates of success in it are not required for Native State service.

RÁJKUMÁR COLLEGE.

Personnel.

208. Mr. Waddington continued in the appointment of Principal of the College throughout the year.

The number of the Kumárs on the roll at the end of last official year was 41. 8 were withdrawn and 10 joined the college making the present number 43.

The Kumárs came from the following districts :—

Káthiáwár	28
Palanpur	2
Revá Kántha	5
Cambay.....	2
Surat	4
Southern Mabráttha Country.....	1
Dhárvád.....	1

New admissions and withdrawals.

209. The following Kumárs joined the College during the year :—

	Age.
Kumár Shri Narsinhdevji of Dharampur.....	9
„ Dipsinhji of Dhrol.....	13
„ Umedsinhji of do.	10
„ Abdul Majid Khán of Sávnur.....	10
„ GulámJiláni of Wái.....	12
„ Jorávarsinhji of Láthi.....	9
„ Pratápsinhji of do.	9
„ Prakramsinhji of Rájpipla.....	11
„ Vijaysinhji of do.	11
„ Gagubha of Panch Devda.....	7

All these Kumárs Mr. Waddington remarks are of suitable age. The Wái Kumár is specially intelligent and promising.

The following Kumárs left the College :—

	Age.
Kumár Shri Jorávarkhán of Waráhi under Pálanpur	18
„ Bháya Vála of Sanála	19
„ Bhá Sáheb of Kerwáda	19
„ Himatsinhji of Muli	18
„ Bhima Vála of Bilkha	19
„ Jorávarsinhji of Sunth	19
„ Prabhátdevji of Dharampur	18
„ Chandradevji of do.	14

Jorávarsinhji of Waráhi was a very promising student and had been favourably reported on by Mr. MacMillan. He evinced a real desire to turn his education to account and entered with great energy into the work of Famine Assistant to the Political Superintendent of Pálanpur and in that capacity acquitted himself with great credit and has been rewarded by receiving the Kaiser-i-Hind medal from His Excellency the Viceroy for his work.

Chandradevji of Dharampur was withdrawn on the ground of expense and is continuing his studies at the Gondal Girásia College.

210. Mr. MacMillan was deputed to examine the College and his report was encouraging and contained some useful suggestions in regard to class work and efforts are being made to carry them out.

211. The College was visited in November by His Excellency the Viceroy on his visit to Rájkot. His Excellency distributed the prizes and addressed the Chiefs and Kumárs in an impressive speech. The College mounted squadron escorted His Excellency the Viceroy on his visit to Rájkot and the parade work and drill continue to be popular among the Kumárs.

The old boys gathering in September was well attended— a successful reunion.

212 Apparently as a result of the abnormal condition of the past two years, fever was unusually prevalent in the Province and the College did not escape. Two serious cases of pneumonia and other complications occurred but were successfully treated by Major W. H. Burke and his successor Captain A. Street.

THE TÁLUKDÁRI GIRÁSIA SCHOOL.

213. The school has remained under the care and supervision of the Superintendent Mr. Strip throughout the year.

The number of boys has increased from 59 to 60.

The students come from the following districts :—

Jhalāvād	46
Sorath	3
Hálár	5
Gohilvād	4
Cutch	1
Revá Kántha	1
	60

The annual examination of the school was held on the 18th, 19th and 20th April 1901 by the Chief Deputy Educational Inspector assisted by his sub Deputy. 57 students were presented for examination of which 51 passed. The result is satisfactory and reflects great credit on the Superintendent Mr. Strip. 3 boys are preparing for the matriculation examination. The Chief Deputy Educational Inspector reports that they are very careful and diligent in their studies.

General progress had been made in all branches of education, moral, intellectual and physical.

214. At the close of the official year the number on the rolls was 63 against 60 in the previous year. Of these, 49 were Gondal Girásia College. Rajputs, 10 Káthis, 2 Chárans and 2 Mahomedans. 32 belong to the Gondal State, 18 to Hálár Pránt, 2 to Jhalāvād Pránt, 3 Sorath, 5 Gohilvād and 3 from outside Káthiáwár. All the pupils study English.

The fee receipts amounted to Rupees 12,220 as against Rupees 11,625 in the previous year. The total expenditure was 23,976 as against 26,027 in the previous year.

SÁMALDÁS COLLEGE.

215. The Bhávnagar Darbár reports that the number of students on the rolls of this institution was 54 as against 149 in the previous year.

This falling off was due to plague.

The following is the result of examination of the students from this institution :—

Name of examination.	No of students passed.
Previous	27
Intermediate	20
B. A.	11
1st L. L. B.	4
M. A.	1

On account of plague at Bhavnagar this institution suffered very much both in numbers and in realization of fees.

BÁHA-U-DIN MEMORIAL COLLEGE.

Báha-u-din Memorial College. 216. The opening ceremony of this College was performed by His Excellency the Viceroy in November last during his visit to Junágadh.

Mr. M. Hesketh M. A. was appointed Principal of the College and took up the charge of his appointment in December last. But the course of education in this institution has been delayed and will not begin until next year.

CHAPTER VIII.—*Archæological.*

Archæological. 217. The following specimens were received in the Watson museum during the year:—

- 7 kinds of fossils.
- 1 white sand.
- 8 kinds of stones, one of which rings like metal.
- 76 coins (48 silver, 1 brass and 27 copper), 1 of these bears the inscription of the time of King Máha Kshatrap Swámi Rudra-sinh, Son of Rája Máha Kshatrap Swámi Satyasinh.
- 6 Couch-bangles.

CHAPTER IX.—*Miscellaneous.*

Printing Presses. 218. The number of printing presses was 27 at the end of the year being an increase of one over the previous year.

Newspapers and periodicals. 219. Two Newspapers are published at Rájkot viz. the Káthiáwár Times and the Káthiáwár News as reported last year.

CONCLUSION.

220. The famine of 1899-1900 held sway unabated for the first 4 months of the year of report, and moderately until November 1900. Thus the officers in this Agency of all departments and grades had again hard and anxious work to face and I wish to place on record that all acquitted themselves ably and zealously.

W. P. KENNEDY, Lieut.-Colonel,
Political Agent, Káthiáwár.

In the case of lines working other railways, details should be given at foot showing the distribution of expenditure between Home line and each railway worked. Where loss by exchange is charged to capital, it should be included with the outlay to be shown here. The capital outlay to be shown should be net, i.e., after deduction of receipts on capital account.

To be given separately for the Home line and for each branch line worked.

†† Where there is a large difference between the open mileage at the end of the year (item 1) and the mean mileage worked during the year (item 4), the difference should be explained by a footnote showing the date from which the line or any additional length was opened.

*In the case of special (2' 0" and 2' 6") gauge railways, it is left optional to furnish details of working expenses.

†A foot-note should be added showing the rent paid for each leased line separately.

‡In case of branch lines worked, a foot-note should be inserted showing separately the net earnings of the main line and each branch line worked.

§Paid-up capital is to include all share capital and debentures paid-up, but to exclude capital not bearing interest.

¶To be arrived at in the manner explained for items 79 and 115, respectively, of the Analysis of working—Government of India Circular No. V Railway of 1887.

¶ The figures for Items 90 and 91 should relate to open lines of Railway only. In cases in which no separate stores accounts are maintained, the balances pertaining to unopen sections should be approximately arrived at and deducted from the total balance, the amount so deducted should, however, be given in foot-notes.

**Any difference in the amount shown here, as compared with that given in the annual return of stores transactions furnished to the Director of Railway construction or to the Government of India under Government of India Circular No. VIII Railway, dated the 9th June 1889, and letter No. 373 R. * The equivalent to be used in converting maunds to tons should be 27·22 maunds = 1 ton. The figures in this column should be derived from the actual rates in force and not from their decimal equivalents in column "Per maund per mile."

† Items 102 to 106 should represent figures for the system, i. e. including branch lines worked on the same gauge. To be obtained by dividing the total cost of fuel given in abstract B of the Capital and Revenue account by item 102 (c).

§ It should be stated whether the cost shown includes loss by exchange, and the amount per ton charged on this account should also be given in a footnote.

When nearer equivalents have not been determined by experiment, the co-efficients or multipliers given in the enclosure to Government of India Circular No. XVI Railway of 1894 should be used in converting the different descriptions of fuel into terms of Giridih (Kurmurbarree) best steam coal.

¶ This should be the sum of the equivalents in terms of Giridih (Kurmurbarree) best steam coal of the total quantities entered against items 102 and 102 (a). Any small proportion of coal used on wood-burning lines or of wood on coal-burning lines should be converted at the rate of one of coal to 2½ of wood, unless a nearer equivalent is known.

POLITICAL DEPARTMENT.

KÁTHIÁWÁR POLITICAL AGENCY,
Rájkot, 19th August 1902.

SIR,

I HAVE the honour to submit the annual Report on the Administration of Káthiáwár for the year 1901-1902 to which are appended the reports of—

- (1) The Judicial Assistant.
- (2) The Administrator, Navanagar.
- (3) The Assistant Political Agent, Mália.

I have the honour to be,

Sir,

Your Most Obedient Servant,

H. O. QUIN,

Acting Agent to the Governor
in Káthiáwár.

CHAPTER I—*Political.*

Káthiáwár—Area 20,879·906 square miles; Population 23,29,196; Revenue Rs. 1,59,62,900.

1. Colonel W. P. Kennedy held charge of the Agency from 1st April to 19th March when he proceeded on 18 months' furlough and was relieved by Mr. H. O. Quin, I.C.S.
Personnel.
2. The average rain-fall amounted to 8·78. The out-turn of crops varied from 3 to 8 annas in a rupee. The cotton crops failed entirely.
Season and rain-fall.
3. The principal events of the year under report were:—
Principal events.

- (I) The visit of their Excellencies Lord and Lady Northcote to Rájkot, Morvi, Gondal, Junágadh, Bhávnagar and Pálitána in November and December 1901. His Excellency when at Rájkot held a Darbár in the Connaught Hall and presented prizes at the Rájkumár College.
- (II) Visit of the Royal Irrigation Commission to Rájkot in November 1901 to examine certain witnesses from some of the important States of Káthiáwár.
- (III) 17 separate tribute-paying Tálukdárs—both jurisdictional and non-jurisdictional died during the year.

JHÁLÁVÁD PRÁNT.

Area 3,978·106 square miles; Population 3,05,138; Revenue Rs. 15,39,900.

4. The following Officers held charge of the office of the Assistant Political Agent during the year:—
Personnel.
- (1) Major H. D. Merewether from 1st to 2nd April 1901 and again from 10th January to 31st March 1902.
- (2) Khán Bahádur Hormasji J. Ántia from the 3rd April to 14th April 1901, and again from 4th January to the 9th January 1902.
- (3) Lieutenant-Colonel H. M. Abud from 14th April 1901 to 3rd January 1902.

Khán Bahádur Hormasji J. Ántia was Deputy Assistant Political Agent in this Pránt from 1st April to 2nd September 1901.

Mr. A. W. Dias from 3rd September to 2nd December 1901.

Khán Bahádur Ántia from 3rd December 1901 to the end of the year.

5. The rain-fall was scanty in the State of Dhrángadhra and in the Tálukás of Bajána, Pátidi, Dasáda, Jhinhuváda, Vanod, Rájpur, Vithalgadh and the petty Tálukás of Vana and Talsána. There was great scarcity in the aforesaid States and Tálukás; but on account of the cheapness of grain, milk and ghi much distress was not felt.
Season and Crops.

The revenue realized in these Tálukás amounted to 2 to 3 annas in the rupee.

The rain-fall in other States and Tálukás was, though late, favourable in the beginning of the monsoon; but there was a lack of rain in the latter part of the season. Rats and locusts caused considerable damage to the crops and in consequence the revenue realized in these Tálukás amounted to 6 instead of 12 annas in the rupee as was expected. Cotton, which is the principal article of produce in this Pránt, entirely failed.

DHRÁNGADHRA—1ST CLASS.

Area 1,156·5 square miles; Population 70,746; Revenue Rs. 3,73,500 ;
Tribute Rs. 44,677.

6. His Highness Ajitsinhji, the Ráj Sáheb of Dhrángadhra, attended the Governor's Darbár at Rájkot. Governor's Darbár which was held at Rájkot on the 25th November 1901.

7. Colonel Kennedy visited Dhrángadhra in January and Mr. Quin in March 1902. They inspected the relief works in the State.

Visit of the Political Agent to Dhrángadhra.

8. The average rain-fall in the State during the year was 5·41 as against 13·81 in the previous year. The Kharif and Rabi crops in the several Maháls of this State totally failed and the State had to borrow money from Government to carry on the administration.

Relief Works.

9. A sum of Rs. 11,640-7-6 was spent on relief works and Rs. 4,733-1-0 on the poor-house.

LIMBDI—2ND CLASS.

Area 343·96 square miles; Population 31,221; Revenue Rs. 1,44,900 ;
Tribute Rs. 45,533.

10. Sir Jasvatsinhji, K. C. I. E., the Thákor Sáheb, attended the Governor's Darbár at Rájkot on the 25th November 1901.

11. The total rain-fall in the State during the year was 19·25 as against 22·75 in the preceding year. The out-turn was 5½ annas in the rupee. This was due to the want of rain in the latter part of the monsoon and to the destruction of crops by rats and locusts.

12. The State has hitherto carried on its administration from its own resources.

Administration of the State.

WADHWÁN—2ND CLASS.

Area 236·16 square miles; Population 34,753; Revenue Rs. 3,10,000 ;
Tribute Rs. 28,691.

13. The Thákor Sáheb Bálsinhji of Wadhwán attended the Governor's Darbár at Rájkot on the 25th November 1901.

Governor's Darbár at Rájkot.

- Season and Crops. 50. The average rain-fall was 3·93. The monsoon crops failed altogether and there was in fact no revenue recovery. The winter crop by irrigation yielded only about 6 annas. Two oil-pumping Engines were established on the Bhádar river and enabled a considerable area of land to be brought under cultivation.

51. The financial condition of the State is good. It has hitherto carried on its administration from its own resources and had a balance of Rs. 6,75,433 at the close of the year.

Financial condition of the State.

52. The expenditure under this head was Rs. 2,67,084, the chief items being:—

Public works.

Irrigational works of Bhádar river... Rs. 44,700.

Khambhála Tank..... „ 1,01,027.

Civil Buildings..... „ 40,239.

53. Timely measures to meet the prevailing scarcity were taken by the State and as early as October poor-houses were opened, one for the incapables generally and another for the poor Jethva Bháyáts. The Khambhála tank and Bhádar river irrigational works gave employment to all who needed it and so no separate relief works were opened.

Famine.

A sum of Rs. 80,508 was expended on takávi. Vighoti on all Jiráyat land was remitted.

54. At the desire of Government a Camp was opened on the 15th December for the pilgrims proceeding to the Hedjáz on a site chosen by the Pránt Officer in consultation with the Agency Engineer. Mr. G. N. R. Lambert was placed in charge of the Camp and a Medical Officer appointed by Government. All the arrangements for the Camp were made by the Agency. His Highness the Rána, at the request of Government, invested Mr. Lambert with the powers of a First Class Magistrate. The arrangements worked without a hitch and in all 1,676 persons passed through the Camp. There was no crime of any sort committed in the Camp which was opened on the 15th December and closed on 23rd February, just before the plague made its appearance at Porbandar. The Camp was an excellent one and constructed by the Agency Engineer in a very few days. It has since been taken over, as it stood, by the State and is used as a Health Camp for persons who were induced to leave the town on account of plague.

Pilgrim Camp.

55. 350 plague cases and 233 deaths occurred during the year. The State took all practicable measures to check the spread of the epidemic.

Tribute Rs. 29,642.

Jurisdictional divisions of Bántva Táluka. 63. The Táluka is divided into 4 jurisdictional divisions—

1. Mánávar (under Agency Management) (3rd Class.)
2. Sardárgadh (4th Class.)
3. Khán Shri Rustamkhánji's Estate (5th Class.)
4. Bántva Majmu..... (5th Class.)

The jurisdiction over Bántva Majmu is exercised by the Nyáyádhish appointed by Shareholders with the approval of the Agency.

The Sardárgadh and Khán Shri Rustamkhánji's Estates had to borrow money from Government during the year to carry on the administration of their Tálukás.

The financial condition of the Mánávar State is good. It carried on its administration from its own resources. The full details of this State will be given in Chapter II which relates to Managed Estates.

Season and Crops. 64. The average rain-fall in the Táluka was 7·68. The yield was only 4 annas. Cotton sowings failed entirely.

Public works. 65. The expenditure under this head in the whole Táluka was Rs. 37,426.

Captain Carter to Sorath. Mr. C. C. Watson, I.C.S., took charge of this Pránt on 26th September 1901 and held it until he was relieved by Lieutenant Chauncy on 13th December. Lieutenant Chauncy remained in charge from that date to the end of the year.

Ráo Bahádur Máneklál Gokaldás was in charge of the office of the Deputy Assistant Political Agent throughout the year.

103. The average rain-fall in the Pránt was 12·36 as compared with 30 inches and 6 cents in the previous year. The early rains having been scanty and the later rains having almost entirely failed there was a serious diminution in the early as well as later crops. The irrigation crop was also much below the average owing to the water running low in the wells. There was no famine in this Pránt but the condition of some of the Tálukás was far from good.

BHÁVNAGAR—1ST CLASS.

Area 2,860 square miles; Population 4,12,664; Revenue Rs. 34,69,600;

HÁLÁR PRÁNT.

NAVÁNAGAR—1ST CLASS.

Area 3,791·3 square miles ; Population 3,36,779 ; Revenue Rs. 21,11,400 ;
Tribute Rs. 1,20,093.

132. The minor Jám Sáheb entered upon his 20th year on 9th September 1901. He has been under the charge of Captain F. DEB. Hancock, his Tutor and Companion, throughout the year. The Jám Sáheb stayed a few months in Rájkot when Captain Hancock was in charge of the Hálár Pránt in addition to his own duties. He was presented to His Excellency on the occasion of His Excellency's visit to Rájkot in November 1901. His studies are in most branches a continuation of those of last year ; but the gradual introduction of such matters as may be more specially useful to him hereafter is being effected. He continues to be fond of Polo, Lawn-tennis, coursing and other manly sports and forms of exercise. Touring on a large scale had to be abandoned during the year under report owing to the continuance of famine conditions and consequent financial difficulties. The Jám Sáheb travelled with his Tutor in the western division of the State. He has lately visited Cashmere *via* Karáchi and Lahore.

133. Báis Tejiba, Fuliba and Devba—all three wives of Kumár Shri Kálu-bha—and Báí Náthibái junior, one of the widows of His Highness the late Jám Sáheb, died during the year. The total cost on account of the palace, including the Jám Sáheb's expenses and Kálubha and Lakhubha's allowances, amounted to Rs. 87,390.

134. Mr. C. N. Seddon, I. C. S., was in charge of the administration practically throughout the year, having taken over charge from Captain F. W. Wodehouse, the then Hálár Pránt Officer, on 12th April 1901.

135. The total average rain-fall was 7·52. The early crops were an almost complete failure except in Átkot and part of Kandorna where they were fair.

136. The opening balance at the commencement of the year was Rs. 8,03,812. The revenue of the year amounted to Rs. 21,11,401 while the advances and deposits amounted to Rs. 9,19,787. The total receipts thus amounted to Rs. 30,31,188. This being added to the balance the total comes to Rs. 38,35,000. The net expenditure during the year was Rs. 21,89,403 while the expenses on account

of advances and deposits amounted to Rs. 7,12,687, making a total of Rs. 29,02,090. The balance at the close of the year was Rs. 9,32,910-9-2½. The financial condition of the State is worse than it was last year. The harvest this year has been almost as bad as in the famine year of 1899-1900. The Administrator, Mr. Seddon, economised the expenses wherever he could do so safely. He also sold over 2 lākhs worth of superfluous State jewellery. The State has not been able to repay any of the loan it took in 1900. It has, however, been able to carry on its administration without having recourse to Government loan during the year. Mr. Seddon anticipates that he may perhaps require a little more help. The State has paid all interest charges and Government dues and has treated its cultivators and Grásiás liberally.

137. The revenue survey was completed in 101 villages during the year and is still in progress in 37 villages. In all 564
 Revenue Survey. boundaries were settled, of which 537 were undisputed and 27 were disputed.

138. Relief works were opened by the State and poor-houses maintained at Jámnnagar and Kálávad by private charity. Considerable Takávi grants were made, and loans were advanced to Grásiás and others. The balance left over from the charity fund has been utilized in providing grain for the respectable poor and maintaining infirm and weak Grásiás. Mr. Ádamji Pirbhái has, with great generosity, fed a large number of needy Grásiás, supplying persons selected by the administration with grain sufficient to last for 10 months.
 Famine.

139. The expenditure under this head was Rs. 4,52,225, including Rs. 24,336 on account of Establishment. Of the amount of Rs. 4,52,225 Rs. 2,06,901 were expended on famine works.
 Public works.

RÁJKOT—2ND CLASS.

Area 282·14 square miles ; Population 49,795 ; Revenue Rs. 3,09,500 ;
 Tribute Rs. 21,321.

140. Khán Bahádur Sorábsháh Hormasji was the Manager of the State throughout the year except for a very short time in the beginning of the year when he was on privilege leave.
 Personnel.

141. Both the Thákor Sáheb Lakháji and Kumár Shri Karansinhji continue their studies in the Ráj Kumár College at Rájkot and are favourably reported upon by the Principal.
 Education of the young Thákor Sáheb and his brother.

142. Kunvri Shri Bái-Sáheb-Ba, step-sister of the Thákor Sáheb, continued her English studies under Miss Corkery. Her betrothal to the son of Gohil Sámatsinhji of Pálitána was broken off. Since the close of the year under report she has been married to His Highness the Ráj Sáheb of Dhrángadhra.
 Kunvri Shri Bái-Sáheb-Ba.

143. The total rain-fall was 19·18. The out-turn of the year was about 8 annas. The crops were damaged to some extent by rats, locusts and small insects called "Khapedis."

Season and Crops.

144. The State carried on its administration during the year from its own resources. The Government of India sanctioned a loan of Rs. 33,000 to this State for marriage expenses of Kunvri Shri Bái-Sáheb-Ba; but the amount was not paid during the year.

Financial condition of the State.

145. An affray took place between the Bohrás and Hindus in connection with the Holi procession during the Hindu Holi Holidays in March last. The differences between the communities were amicably settled and peaceful relations now exist between them.

Disturbance between Bohrás and Hindus.

146. The total expenditure under this head was Rs. 72,525·15·7.

Public works.

MÁLIA— 4TH CLASS.

Area 102·8 square miles ; Population 9,075 ; Revenue Rs. 64,400 ;
Tribute Rs. 1,367.

147. The Officers who held charge of the Hálár Pránt held charge of the office of the Assistant Political Agent, Mália, during the year.

Personnel.

148. Thákor Modji was permitted by Government in May 1901 to reside at Khákhrechi under certain conditions ; but he has not yet gone there. The relations between the Thákor and his son Ráisinhji are not good. Kumár Shri Ráisinhji has been associated with the Vahivatdár in order that he may get an insight into the revenue work of the State.

Thákor Modji.

149. Kumár Gumánsinhji, the grandson of the Thákor, is studying at the Rájkumár College, Rájkot. The Principal of the College has selected him as a Squadron Officer of the College Corps.

Kumár Gumánsinhji.

150. The rain-fall was very scanty this year and the crops almost entirely failed. Rats also damaged the out-turn of cotton to some extent.

Season and Crops.

151. The total expenditure under this head was Rs. 23,085·15·4 during the year.

Public works.

A sum of Rs. 9,172·10·2 was advanced to cultivators as takávi.

152. The financial condition of the State is very bad. The State had to borrow Rs. 44,825 during the year. The total loans taken up to the end of the year amount to Rs. 2,75,741.

Financial condition of the State.

153. Besides the above there are in all 21 petty Estates under the supervision of the Japti Superintendent, of which 3 are managed on account of minority and 18 on account of debt.
- Petty Estates under the Japti Superintendent.

GOHILVÁD.

LÁTHI—4TH CLASS.

Area 41·8 square miles; Population 8,831; Revenue Rs. 57,300;
Tribute Rs. 2,007.

154. The minor Chief Pratápsinhji is in his twelfth year and his younger brother Jorávarsinhji is in his eleventh year. Both these Kumárs are studying at the Rájkumár College, Rájkot, and are favourably reported on by the Principal.
- Education of Kumárs.

155. The early rain-fall was satisfactory and the crops were good. The late crops partially failed in consequence of want of rain in the latter part of the monsoon.
- Season and Crops.

156. The Táluka had to borrow a sum of Rs. 41,600 from Government grant, out of which Rs. 20,576 have been repaid.
- Financial condition.

There was a debt of Rs. 72,018-10-8 against the Táluka on the date of assumption of the management, of which Rs. 24,124-12-2 (including Rs. 20,576 on account of Government loan) were paid during the year.

157. A sum of Rs. 5,703 was spent under this head.
- Public works.

158. Besides these there are in all 162 petty Estates under the supervision of the Japti Superintendent, of which 31 are managed on account of minority and 131 on account of debt.
- Minor Estates under the Japti Superintendent.

CHAPTER III.—*Protection.*

COURSE OF LEGISLATION.

159. No new rules were brought into force during the year.
- New rules brought into force.

POLICE.

160. Statistics regarding Police are given in Appendices XII, XIII and XIV.
- Strength of Police.
(Appendix XII.)

The total strength of Police is 7,453 against 7,564 in the previous year. The total cost was Rs. 11,04,181-8-7.

161. The number of accused persons arrested was 13,596, of whom 9,959 were convicted. The percentage of conviction to arrest was 73·23. The value of property stolen was Rs. 2,09,871-3-6½, of which property worth Rs. 1,28,579-2-7½ was recovered, giving a recovery percentage of 61·26.

These results are satisfactory.

Working of the State Police.
(Appendix XIII.)

162. The results of the working of the Agency Police are as under:—

Number of accused arrested	1,641
Do, convicted	1,139
Percentage of conviction to arrest	69·40
Value of Property stolen	26,877
Do, recovered	11,446
Percentage of recovery	42·58

163. 1,616 cases of cognizable offences were reported to the Agency Police against 2,160 in 1900-1901, while the number of non-cognizable crime and non-cognizable cases was 320 against 221 last year.

More serious offences.

164. The more serious offences amounted to 1,312:—

	1900-1901,	1901-1902,
Murders	12	9
Culpable homicide and attempts at murder	10	13
Dacoities	19	8
Robberies	60	42
House-breakings	608	457
Thefts	1,165	783
	1,874	1,312

This very satisfactory decrease is no doubt due to the distress prevailing throughout the Province being less acute than in the previous year.

AGENCY COURTS.

Regular, Special and Temporary Courts of the Agency.

165. The Courts under this Agency may be classed under three groups, viz., regular, special and temporary.

Regular.

- (1) Political Agent's Court, including that of his Judicial Assistant.
- (4) Assistant Political Agents' Courts.
- (4) Deputy Assistants' Courts.
- (15) Thánadars' Courts.
- (1) Deputy Thánadár,

25

Special.

- 1 Bántva Nyáyádhish.
- 2 Jhinjhuváda Kámdár.

3 Dedán Thánadár.

Temporary.

Courts of States under Agency Managements.

The number of these last varies according to the number of jurisdictional States under Agency Management for the time being.

166. The work, both original and appellate, performed by the regular Agency Courts is shewn in Appendices XXII, XXIII and XXIV.

Work performed by the regular Agency Courts.

The number of cases outstanding at the end of the year was as follows as compared with the previous year:—

	1900-1901.	1901-1902.
Original Civil cases...	580	371
Civil Appeals.....	5	31
Political „	32	42
	<u>617</u>	<u>444</u>

It will thus be seen that the total of outstanding cases has been much reduced.

167. 1,986 suits were filed during the year of the value of Rs. 5,28,048-7-3 as compared with 1,274 cases of the value of Rs. 4,57,706-11-8½ in the year before.

Civil cases filed and value thereof as compared with the previous year.

168. 49 cases were tried during the year by the Chief Court of Criminal Justice against 44 last year, of these 11 were of murder, 2 attempt to murder, 5 culpable homicide not amounting to murder, 2 theft and 29 others.

No. of Sessions cases.

169. The following statement shows the number of cases committed to the Court of Sessions by the different States and Courts and disposed of in the year 1901-1902 as compared with the year 1900-1901.

The Court which committed the Sessions cases.

Total	<u>44</u>	<u>49</u>

170. Besides the 49 Sessions cases the Judicial Assistant disposed of 25 criminal appeals and 70 civil appeals, total 95 against 87 last year.

Criminal and Civil Appeals.

171. The result of the criminal revision work during the year shows that in 24 cases the proceedings of the Lower Courts were called for, in 13 cases the decisions were confirmed, in 1 case the decision was modified and in 10 cases they were reversed.

The result of the civil revision work shows that out of 21 cases in which the proceedings were called for, decisions were confirmed in 14 cases, in 2 cases they were modified and in 5 cases they were reversed.

Girás cases of States
below Class IV.

172. The Judicial Assistant disposed of 11 Rájasthánik Court cases, including those relating to land and hakpatraks.

Inspection of Record of
subordinate Courts.

173. The Judicial Assistant examined the records of 9 Thána Courts and of 9 Courts under Agency Management.

174. There were 599 applications to be disposed of in the commencement of the year, 1,336 new applications were filed making a total of 1,935, of which 1,372 were disposed of and 563 remained over.

Applications for execution
of decrees.

175. 352 documents aggregating in value Rs. 5,63,646 were registered as against 775 documents aggregating of the value of Rs. 8,48,624.

Registration of documents.

COURTS OF JURISDICTIONAL STATES.

176. 26,035 civil cases of the value of Rs. 29,52,246-15-0 were disposed of during the year in the Courts of the Jurisdictional States and Tálukás as against 15,184 cases of the value of Rs. 35,66,131-11-3½ in the preceding year.

Civil cases decided by the
States.

177. The number of criminal cases disposed of in the Criminal Courts of the Jurisdictional States and Tálukás during the year was 13,750 as against 15,441 in the preceding year. In these 13,750 cases, 23,372 persons were tried, of whom 13,029 were convicted and 10,343 were discharged.

Criminal trials held by the
State Courts.

OPIUM AND SALT SMUGGLING CASES.

178. There were in all 6 opium smuggling cases in Káthiáwár during the year, of which 3 occurred in Jhálávád, 2 in Hálár and 1 in Gohilvád. The number of persons concerned in these cases was 6, of whom 2 were convicted and 4 acquitted. The quantity of smuggled opium seized in these cases was 31 lbs. 38 tolás 22½ grains.

Opium and Salt smuggling
cases.

In all 7 salt smuggling cases occurred in Káthiáwár during the year. They all occurred in the Jhálávád Pránt. There were in all 25 persons concerned in these cases, of whom 24 were convicted and 1 acquitted. The quantity of smuggled salt seized in these cases was 9 maunds 12 lbs. 25 tolás 00 grains.

Applications from Bháyáts-
and Girásiás to the Political
Agent in connection with the
decisions of the late Rájas-
thánik Court.

179. There were 8 applications to be disposed of in the commencement of the year, 31 new applications were filed, making a total of 39, of which 28 were disposed of and 11 remained over.

Out of 28 applications disposed of during the year under report, 8 applications were decided in favour of Girásiás, 17 in favour of the Darbárs, 1 referred to the State, the petitioners not having exhausted their remedies in the State Courts, 1 dismissed for incompleteness and 1 was allowed to be withdrawn.

PRISONS.

Prisons. 180. The total number of prisons in the Province is 138 against 144 last year.

There are—

- 2 Agency Jails at Rájkot and Wadhván Civil Station.
- 2 Lock-ups at Songadh and Jetalsar Civil Station.
- 16 Thána Lock-ups.
- 118 Jails and Lock-ups in States and Tálukás.

The total expenditure on account of prisoners amounted to Rs. 1,52,609 as against Rs. 1,99,450 last year. The daily average of prisoners was 1,986 against 2,321.

CHAPTER IV—*Production and Distribution.*

181. The rain-fall was not sufficient for the growth of crops in the Jhálávád, Sorath and Hálár Pránts. In the Gohilvád Pránt, Rain-fall. Bhávnagar, Vala and Jasdan had good rain, about half the average quantity; but there was a want of rain for the Rabi crops, and hence the average crop in the Gohilvád Pránt was 8 annas in the rupee, while in the other three Pránts it did not exceed 4 annas in the rupee. The average crop in the whole Province was about five annas in the rupee. The average rain-fall during the year was as follows :—

	Inches.	Cents.
Jhálávád Pránt.....	5	68
Sorath „	8	19
Hálár „	8	92
Gohilvád „	12	36
	35	15 = 8·78

as against the normal annual average of 23 inches for the whole Province. Scarcity was the result of such a scanty rain-fall, and Jhálavád, Sorath and Hálár suffered severely.

182. No agricultural experiments were made on account of scanty rain-fall and successive bad years.

183. In the latter part of the year a great deal of damage was caused by locusts and rats, consequently the revenue expected to be realized was in some parts 6 annas instead of 12 annas in the rupee.

184. Nothing was done in the way of plantation of trees on account of want of rain.

185. The lack of rain has interfered with the progress of manufacture and but little work was done in the ginning factories and cotton presses during the year.

186. The following statement shows the number of stallions and the number of mares covered which aggregate 884 against 635 in the preceding year:—

	No. of stallions.	No. of mares covered.
Junágadh.....	5	53
Bhávnapar.....	9	243
Porbandar.....	2	47
Morvi.....	12	148
Gondal.....	5	16
Pálitána.....	10	128
Vánkáner.....	5	93
Rájkot.....	4	136
Mánávadar.....	2	20

In the Gondal State 2 bulls for breeding purposes continue to be maintained by the State. They covered 150 cows, all of which calved.

The Paddock at Vánkáner was visited by His Excellency Lord Northcote on his way to Morvi in November 1901 and also by the Superintendent of Civil Veterinary Department, Inspector General of Army Remounts and the Agent Army Remount Dépôt. All these visitors were pleased with the Institution. The Government of India presented the Paddock with an Arab stallion and a Cyprian donkey stallion. From the Mánávadar Paddock 1 gelded colt and 2 mules were purchased by the Jámnapar Imperial Service Lancers.

On the recommendation of the Horse and Mule Breeding Commission

who visited Pálitána in December 1900 His Excellency the Governor General presented the Thákor Sáheb of Pálitána with a thorough-bred English stallion as a mark of appreciation of his efforts to maintain and improve the indigenous breed of horses. This valuable horse arrived at Pálitána from Bábugadh in April 1902; but in the following month the animal fell ill with congestion of the liver, pneumonia, pleurisy and lastly the symptoms of anthrax were manifest which fact was confirmed by the post-mortem examination. Mr. Stephens was telegraphed for from Bombay and every effort was made to save the life of this valuable horse; but he succumbed on 6th May 1902.

From the Rájkot State Paddock the Remount Agent purchased 7 ~~young~~ colts at a cost of Rs. 1,575. The oldest of these was $2\frac{1}{4}$ years old, while the youngest was but 7 months old.

187. Mule breeding is confined to the Darbárs. The States of Bhavnagar, Gondal, Vankáner, Rájkot and Mánávadar have donkey stallions. A donkey stallion was imported from Bábugadh during the year under report to replace the donkey stallion "Khán Bahádur" who died at Mánávadar in October 1900.

Horse-shows.

188. No horse or cattle show was held in the Province on account of the prevailing distress.

189. The statistics of the sea-borne trade of the Province, excluding Baroda ports, are contained in Appendix XXV to this report. They show a decrease in imports and an increase in exports. There is an excess of Rs. 1,46,18,358 in imports over exports on the total value of trade, the imports through all ports showing a diminution.

Trade.

RAILWAYS.

Railways.

190. The following is the total length of Railways in Káthiáwár, viz., 581·70 miles of 3 different gauges:—

	Miles.
B.-G.-J.-P.....	334
J.-R.	46·23
Jámnagar	54·28
Dhrángadhra.....	20·83
2' 6" Morvi	94·36
Standard gauge B.-B. and C.-I. Railway.....	32
	581·70

Lines under survey or projected.

191. The conversion of the standard gauge from Viramgám to Wadhván into metre gauge has not yet been started.

The conversion of rails on the Morvi line is delayed by His Highness the Thákór Sáheb of Morvi at present for this reason and on account of financial considerations. Government have asked for detailed plans and estimates but they are under preparation and have not yet been submitted.

The plans and estimates of the Jámnnagar-Saláya Railway were submitted to Government but there is no present likelihood of the Navánagar State undertaking its construction on account of financial difficulties. The plans and estimates of the Dhrángadhra-Mália Extension have been submitted to Government and are under consideration; but it is not likely that the Dhrángadhra and Mália States will be able to take the work in hand at present.

192. The gross earnings of the (a) B.-G.-J.-P., (b) J.-R., (c) Jámnnagar and (d) Dhrángadhra Railways amounted to Rs. 18,96,276 against Rs. 23,63,102 in the previous year, and the working expenses amounted to Rs. 10,85,770 against Rs. 11,87,592. The mileage result of earnings comes to Rs. 79.48 gross and Rs. 34.24 net per mile per week against 99.84 and 49.67 respectively in the previous year. The dividend accruing to the proprietary States during this and the preceding year was as follows:—

	Net earnings.	Percentage of the year.	Percentage of last year.
Bhávnagar.....	3,42,021	4.34	7.13
Junágadh	97,460	2.65	4.17
Gondal-Porbandar	2,32,396	3.55	4.38
Jetalsar-Rájkot ...	67,251	4.27	5.48
Jámnnagar	51,401	2.23	2.58
Dhrángadhra.....	11,765	2.01	3.24

These figures show a decrease on all the lines. The coaching earnings show an increase of about 4 per cent. while the goods traffic shows a decrease of about 62 per cent. which is due mainly to the fact that imports of food stuffs fell off very seriously owing to large stocks having been accumulated in the previous year.

193. The gross earnings of the Morvi Railway amounted to Rs. 3,58,663 against Rs. 4,23,308 and the expenditure was Rs. 2,33,129 against 2,64,514 in the previous year, giving 73 gross and 25.68 net earnings per mile per week. The dividend returned was 4.99 per cent. on capital cost against 6.36 in the previous year. The decrease was mainly due to a heavy fall in the goods traffic.

194. The enrolled strength of the Railway volunteers was 45 against 66 in the previous year, showing a decrease of 21 on last year's strength; of this number 37 qualified as extra efficient, 6 as efficient, and 2 non-efficient. The average attendance at drill was fair. The Regimental Rifle Meeting was arranged so as to extend over the greater part of the year, and consisted of Individual and Team Matches. The Individual Matches were divided into monthly competitions and a series of Matches for the Regimental Championship. The Company took part in all the above Matches, but the attendance was not good; those who did compete won a fair share of the prizes.

195. There were 6 fatal accidents on the B.-G.-J.-P. Railway as against 11 in the previous year. There was no accident of a serious nature on the Morvi Railway.

PUBLIC WORKS.

196. The total amount spent by the Native States upon Public works during the year amounted to Rs. 16,49,228 excluding famine works against Rs. 25,21,504 in the previous year. The figures of the 1st and 2nd Class States are given below :—

	Rupees.
Junágadh	1,27,282
Navánagar.....	2,20,988
Bhávnapar	2,19,779
Porbandar	2,67,084
Dhrángadhra	
Morvi.....	1,29,300
Gondal	4,08,052
Vánkáner	47,942
Pálitána.....	15,610
Dhrol.....	3,742
Limbdi	
Rájkot	72,525
Wadhván	
Jáfarábád	5,701

197. The total amount spent on Public works during the year through the Agency Engineer was Rs. 1,09,882 against Rs. 50,740 in the previous year. This is exclusive of Public works in the Rájkot and Mália States and Famine Relief Irrigation Works.

The original works were the New Telegraph Office at Rájkot; the scheme for supplying water from the Bhogáva river to the Wadhván Civil Station Police lines; and the Camp for pilgrims at Porbandar. The following irrigation works were continued under the Agency Engineer:—

Bilkha	Tank	22,046
Dhráfa	do.	25,176
Mánávadar-Sanosra	do.	644
Chánpa	do.	2,513
Moldi		38,130
Dedán-Vángadhra	do.	4,302
Sudámda	do.	36,994
Bábra	do. ..	45,117

POST AND TELEGRAPH OFFICES.

Post Offices. 198. Two new Post Offices and 29 letter-boxes have been established during the year.

Telegraph Office. 199. No new Telegraph Office was opened during the year.

Mail robbery. 200. The number of offences connected with His Majesty's Mail was 2 as against one in the previous year.

An attempt to plunder the rural postman was made in the Junágadh Mahál of Sutrápada on the night of 28th April 1901. The accused was arrested, convicted and sentenced by the Junágadh State Court.

A mail robbery occurred at Chudva in the Mánávadar State on 19th July 1901. The accused was discharged for want of evidence; but Rs. 100 were recovered from the Mánávadar State for the loss sustained by the Postal Department and a pension of Rs. 4 was allowed to the son of the deceased runner for 12 years from the Mánávadar State.

CHAPTER V—*Revenue and Finance.*

201. Appendix XXIX shows the demand, collections and outstanding balances of the Tribute due to the British and Gáekwár Governments and Junágadh State for the year under report.

LOCAL-FUNDS.

202. The account of the Consolidated Local Fund, which is contained in Appendix XXX to the report, shows receipts amounting to Rs. 2,44,066 and expenditure amounting to Rs. 2,11,135 as compared with receipts Rs. 1,81,465 and expenditure Rs. 1,78,920 respectively in the previous year. The expenditure includes a sum of Rs. 1,000 advanced to the Superintendent of the Pilgrim Camp at Porbandar to meet his office contingent charges and recovered in the current year. The net expenditure in the year under report was, therefore, Rs. 2,10,135.

The following shows the increase and decrease under the several heads:—

	Increase.	Decrease.
Interest on invested capital.....	...	6,232
Political and Judicial Receipts , ...	7,478	...
Rents	...	170
Agency Gazette Press receipts , ...	1,554	...
Contributions and recoveries	87,793	...
Miscellaneous	...	16,707
Refund	...	6,741
Rájkot Station Improvement Fund...	...	5,970
Advances recoverable	1,596	...
	98,421	35,820

The large increase in receipts under the head contributions and recoveries is due to the Agency Engineer's superintendence charge on Relief Works undertaken in the late Famine being recovered this year.

203. The increase in receipts under the head Political and Judicial receipts is owing to the Local Stamps being sold to the extent of Rs. 24,617 or Rs. 7,183 more than the previous year.

There is no increase in receipts under the other heads except Press receipts. The increase under that head is due to the recovery of a portion of the outstandings of the previous years.

As the Local Fund Famine Loan Fund, to which the sale proceeds of Government Securities of the nominal value of Rs. 2,75,000 belonging to the Fund has been invested, was unable to pay any interest, there is no receipt under that head in the year under report.

The reason for the large decrease in receipts under the head Miscellaneous is that there was no receipt of the Agency Engineer's professional fees as no new relief works were undertaken in the year under report and consequently there was no occasion for the Agency Engineer's professional advice to be sought.

The decrease in receipts of the Rajkot Station Improvement Fund is owing to the non-recovery of arrears that have remained outstanding since the late famine.

204. The annual meeting of the Kárbháris was held on 14th December 1901 when the Budget of the States General Fund was passed. A copy of the proceedings of the meeting was submitted to Government for information.

CHAPTER VI—*Vital statistics and Medical service.*

205. The total number of Hospitals and Dispensaries in the Province increased from 114 to 117 during the year. The following new Dispensaries were opened:—

1. Morvi Asylum.
2. Mahika Dispensary.
3. Takhtsinhji Poor-house Dispensary.

Of these, the following 21 are under the supervision of the Agency Surgeon:—

- 1 West Hospital.
- 3 Civil Station Dispensaries.
- 8 Thána Dispensaries.
- 8 Dispensaries in States under Management.
- 1 Temporarily placed under supervision.

206. Excluding from consideration the West Hospital at Rájkot, to which special reference will be made later, the total number of patients treated at these institutions was 9,57,236 against 10,66,631 in the previous year, and the total cost of maintaining the institutions was Rs. 2,94,307 against 2,95,362 or very nearly the same as last year.

207. The public health was on the whole fair throughout the year, *i. e.*, there was no epidemic but the mortality was higher than normal owing, no doubt, to the insufficiency and inferior character of the food and water procurable.

208. The Province was free from cholera during the year; but there was fever of a very bad type in almost all States and Tálukás in the Jhálávád Pránt. There was an increase in the number of cases of intermittent fever in Rájkot; also there were cases of small-pox in some parts of the Province during the year. There have been no cases of relapsing fever in Káthiáwár.

209. The measures to keep out the plague, described in the previous years' reports were again adopted. It is to be remarked that notwithstanding the intimate connection of this Province with Bombay, Karáchi and Cutch only small areas on the sea coast were affected. At Bhávnagar, Porbandar and Verával a recrudescence of the disease occurred and continued with severity; but it ceased entirely at Bhávnagar from the end of April and at the latter places from the middle of June 1902.

There were 34 imported and 1,780 indigenous cases and 21 and 1,244 deaths respectively during the year as against 61 imported and 1,127 indigenous cases and 44 and 640 deaths respectively in the previous year.

210. Captain Ashton Street, M.B., F.R.C.S., I.M.S., was in charge from 1st April to 12th November 1901 and Captain J. B. Jameson, M.B., I.M.S., from 14th November 1901 to 31st March 1902. There were changes among the Assistant Surgeon attached to the West Hospital. 6,940 out-patients and 923 in-patients were treated at the Hospital against 6,910 out-patients and 1,277 in-patients in the previous year.

There were 462 operations performed during the year as against 275 in the previous year. The death rate of Hospital was 9.6 against 15.3 in the previous year.

211. 11 post-mortem cases and 27 medico-legal cases were reported on during the year against 5 post-mortem and 23 medico-legal cases in the previous year.

212. Miss C. M. Wickham, M. D., was in charge of the Hospital up to 18th March 1902 when she proceeded on 9 months' leave and Bái Rukhmábái, M. D. (Brus.) was appointed to act for her. Miss R. A. Francis resigned her appointment as Hospital Assistant on 1st December 1901 on account of her marriage. The post is at present vacant.

It was found necessary to close 5 beds during the greater part of the year. 3,385 out-patients and 240 in-patients were treated during the year as against 4,381 and 324 in the previous year. The average daily attendance of out-patients is reduced from 54.32 to 39.22 partly owing to the scarcity and the work has had to be curtailed owing to want of funds. Also a charge for medicine is now made to well-to-do patients which measure has been received with disfavour by many who were formerly obtaining free treatment.

The number of operations performed during the year was 187 as against 149 in the previous year.

The death rate of the Hospital was 5.42 as against 6.42 in the previous year.

The total expenditure amounted to Rs. 14,735 as against Rs. 16,893 in the previous year.

213. As the present course of instruction is not yet terminated, no new admissions of students have taken place during the year.
 Laxman Vals Chemical Laboratory. 5 applications for admission for the next course have been received.

There were 20 students at the end of the year. 11 scholarships are provided for by the States, while the remainder are private students. The result of the examination was satisfactory.

20 samples of water have been analyzed during the year.

The total expenditure amounted to Rs. 12,798 as against 12,289 in the previous year.

214. The total number of Vaccinators is 52, of these, 23 are under the Agency Surgeon and the rest in the 5 States who control their own Vaccination operations.
 Vaccination.

The total number of primary and re-vaccination performed during the year was 37,825 as against 51,788, showing a decrease of 13,963. The cause of this is the famine which reduced the birth rate and rendered the death rate among children much higher than usual.

215. The percentage of success as returned by the Vaccinators under the Agency Surgeon was 93.8 in primary and 69.1 in re-vaccination and in the 5 Native States 94.3 and 79.9 respectively for primary and re-vaccination. It appears that the number of persons successfully vaccinated per 1,000 of the population has greatly diminished during the year in the Gondal State.
 Percentage of success on primary and re-vaccination.

216. 15 places were affected by Small-pox under the control of the Agency Surgeon during the year and the total number of small-pox cases amounted to 79 against 156 in the previous year. Out of 79 cases 5 proved fatal among the unvaccinated children.
 Small-pox.

In the Navánagar Staté there were 172 cases of Small-pox, out of which 19 proved fatal. In the Gondal State out of 5 cases one proved fatal.

Out of 23 Vaccinators under the control of the Agency Surgeon the work of 11 was found to be good and of the rest fair.

The Agency Surgeon acknowledges the assistance rendered by the Magisterial and Police authorities in carrying on vaccination which is not complete.

CHAPTER VII—*Education.*

217. The office of the Chief Deputy Educational Inspector was held by Mr. Dhirajram Vishvanáth Vyás throughout the year.

218. The Educational Institutions in the Province number 1,230 with 83,088 scholars against 1,203 with 72,230 scholars in the previous year, showing an increase of 27 schools and 10,858 scholars.

They are as follows:—

- 1 Ráj Kumár College.
- 1 Tálukdári Girásia School.
- 1 Gondal Girásia School.
- 1 Sámaldás Arts College.
- 1 Báhá-ud-din Memorial College.
- 7 High Schools.
- 2 Training Colleges.
- 38 Middle Schools for boys.
- 1 Do. for girls.
- 812 Primary Schools.
- 90 Do. for girls.
- 16 Aided Schools.
- 2 Unaided do.
- 33 Private Institutions advanced.
- 224 Elementary.

1,230

Proportion of Scholars to population.

The percentage of the total number of pupils to the total population of the Province is 3·57 as against 3·10 in the previous year.

Of the total number of children under instruction 69,989 are males and 13,099 females. The percentage of boys comes to 39·28 and of girls 7·65.

The total expenditure on Public Instruction was Rs. 7,79,865 as against Rs. 8,19,097 in the previous year.

HIGH SCHOOLS.

The number of High Schools is the same as last year.

The number of pupils on the rolls was 2,191. All the High Schools except Gondal show a decrease in fee receipts.

219. The number of pupils has increased from
The Alfred High School. 306 to 316.

The result of the annual examination of the School was reported to be fairly good.

The result of the Matriculation Examination was fair. 55 boys were sent up for the examination of which 27 passed.

The annual examination of the Drawing Class was held by the School of Art, Bombay, in April 1901. In the 1st Grade Art Examination there were 13 boys examined in Free hand Drawing, 10 in Model Drawing and 14 in practical Geometry. The number of passes in them were respectively 6, 7 and 10. In all 6 were declared fit for a certificate.

In the 2nd Grade Art Examination there was only one candidate of the Sutár caste and he passed in all subjects and will be granted a certificate.

The following table shows the result of the Matriculation passes from the several High Schools :—

Junágadh	14
Jámnaagar.....	19
Bhávnagar	16
Morvi	6
Gondal.....	5
Wadhván	11

PRIMARY EDUCATION.

The number of recognized primary schools, including girls' schools, shows a decrease of 2, while there is an increase of 8,982 scholars.

AIDED SCHOOLS.

This class shows a decrease of 1 school and 52 scholars.

Night Schools.

The number of schools has increased from 12 to 15. The total number of scholars is 253.

Unrecognized Schools.

There is an increase of 31 Schools and 1,359 scholars under this head.

Girls' Schools.

The number of girls' schools has decreased by 2 and the number of scholars has increased by 1,720. The total number of girls attending the schools is 10,079 as against 8,359 in the previous year. Out of this 877 girls attend the boys' schools. Out of 91 girls' schools 23 are under the Agency, 65 are under the States and 2 are private and 1 unaided school.

Mahomedans.

In all kinds of schools, recognized as well as unrecognized, the number of such students has increased by 2,448 scholars.

Rural Schools.

There are 129 rural schools as against 128 in the previous year. They are as follows :—

Agency	21
Private	11
States	97

Low castes.

There are 12 Scholars of low castes; 3 in the rural school under Jhinjhuváda and 9 in the Mission Schools at Rájkot and 16 scholars of the aboriginal and Hill tribes, 7 in Rájkot, 3 in Bhávnagar and 4 in Morvi.

Normal Schools.

The number of trained masters has decreased from 573 to 572.

The number of trained mistresses is 62. There is an increase of 12 Male Assistants and a decrease of 2 Female Assistants.

Agricultural class.

Last year there were 2 such classes, 1 at Bhávnagar and the other at Rájkot. The class at the former place has been abolished. The class at Rájkot, which is attached to the Male Training College, is well attended. The number on the rolls was 44.

MALE TRAINING COLLEGE.

Personnel.

220. Mr. Pránjivan Náráyan Doctor, B. A., continued in the appointment of Principal of the Male Training College throughout the year.

There were 52 students during the year as against 51 in the previous year. 50 students were presented for examination, 8 at Ahmedábád and 42 at Rájkot. Of the 8 who appeared at Ahmedábád all passed, 4 in the 1st Class and 4 in the 2nd Class. Of the 42 who appeared at Rájkot, 41 passed, 22 in the 1st and 19 in the 2nd Class. The result was very satisfactory. During the year the College sent out 23 teachers. The total number of certificated teachers sent out by the College up to the year 1901-02 was 844.

The practising school attached to the College is in a very efficient condition. The number on the roll has increased from 110 to 148.

BARTON FEMALE TRAINING COLLEGE.

221. The number of students has increased from 23 to 28. Of these, 22 are stipendiary and 2 are in receipt of special scholarships and 4 are non-stipendiary. The students belong to the following castes :—

Bráhmín	20
Vania	1
Kshtri	1
Kunbi	3
Luvána	1
Mahrátha	1
Tamboli	1
	28

All are resident students. 19 are married, 8 are widows and 1 is unmarried.

After the entrance examination 14 new students were admitted, 9 with stipends and 1 with special scholarship and 4 without stipends.

The result of the examination was again the success of all the students and reflects great credit on the management and working of the Lady Superintendent, Miss Corkery.

7 candidates appeared for the School of Art 1st Grade Examination; of these 2 received certificates and 1 a prize in Geometry.

During the year, 8 trained mistresses received appointments.

PRACTISING SCHOOL.

The number on the rolls of the Practising School was 134 as against 129 in the previous year. At the annual examination 88 were presented, of whom 85 passed. The Navánagar State provides two scholarships. The recipient of one of which is a Girásia Girl. This is the first instance of a Girásia girl joining the College since its establishment.

PHYSICAL EDUCATION.

Physical Education. 222. Physical Education in the High and Middle Schools is attended to.

PUBLIC SERVICE EXAMINATION.

Public Service Examination. 223. As last year no candidate presented himself for this examination this year.

RÁJKUMÁR COLLEGE.

224. Mr. C. Waddington was Principal of the Rájkumár College from 1st April to 3rd May 1901 when he went on furlough and returned and rejoined his appointment on 22nd November 1901. Mr. C. Mayne acted during the absence of Mr. Waddington.

Personnel.

The number of Kumárs at the close of the year under report was 43 as against 41 in the previous year. 3 were withdrawn and 3 joined the College. The number on the rolls, therefore, remains the same.

The Kumárs came from the following districts:—

Káthiáwár 26, Pálanpur 3, Revá-Kántha 5, Cambay (Kaira Agency) 1, Surat 6, Southern Mahrátha Country 1, Dhárvár 1, total 43.

225. Among the new arrivals are Kumár Shri Ahmedkhánji and his brother Abdulkarimkhánji of Sachin and Pravinsinh of Bánsda—all under the Surat Agency.

New admissions and withdrawals.

The following Kumárs left the College:—

Kumár Shri Mahomed Kullikhán of Cambay.

„ Moka Vála of Mendarda.

„ Jasa Vála of Jetpur.

226. The annual examination of the College was held in September 1901 by Mr. W. H. Sharp, Principal of the Elphinstone College, Bombay, and his report was encouraging. Some changes have been introduced into the curriculum during the year after discussion by the Council approximating the College Standards to those of the Government High Schools. Law is an additional subject in Class I and II, map-drawing is also taught as an accompaniment to geography and music and drawing are retained as extra subjects for Sundays and other holidays.

227. Their Excellencies Lord and Lady Northcote, the Honourable Sir Charles Ollivant and the Honourable Mr. Giles visited the College in November 1901 and His Excellency distributed the prizes and delivered an impressive speech to the Kumárs. His Excellency generously offered a silver cup for tent-pegging this year for which a competition will be held in the monsoon term.

228. Kumár Shri Jorávarsinh of Bhávnagar and Rámsinh of Virpur both ex-students of the College and Kumár Shri Sardár Mahomedkhánji of Sardárgadh joined the Imperial Cadet Corps. The Commandant of the Corps report that the first named Kumár is the best student in the corps.

His Excellency the Viceroy has appointed Kumár Shri Jethiji of Virpur to a post in the Civil Veterinary Department at Nágpur.

229. The old boys' gathering in September 1901 was successfully carried through by Mr. Mayne.

The system of private tutors has been discontinued and private carriages reduced. This term a mess has been opened for the Mahomedan Kumárs.

230. The general health of the Kumárs has been uniformly good.

THE TÁLUKDÁRI GIRÁSIA SCHOOL.

231. Mr. S. A. Strip was Superintendent of the School throughout the year.

The number of boys attending the Talukdári Girásia School was 63 as against 60 in the previous year.

The students came from the following districts :—

Jhálávád	48
Sorath	5
Hálár	7
Gohilvád	2
Cutch.....	1

The annual examination of the school was held on the 17th, 18th and 19th April 1902 by Mr. C. Mayne, Acting Educational Inspector assisted by Mr. Nichhábhai P. Desái, Sub-Deputy Educational Inspector, Northern Division, Káthiáwár. 59 students were presented for examination, of which 55 passed, a highly satisfactory result.

Mr. Mayne in his report on the examination of the school remarks, "On the whole I am much pleased with all I saw. I had met some of the Wadh-wán boys before * * I should describe them as manly, healthy lot of boys, they are extremely well behaved and perfectly honest under examination. They appear to thoroughly enjoy their school life which is an excellent sign and says much for the care taken of and the kindness displayed to them by Mr. and Mrs. Strip."

On receipt of Mr. Mayne's report I have suggested a few improvements which the Pránt Officer says will be introduced into the curriculum.

232. At the close of the official year the number on the rolls had risen from 63 to 75. Of these 54 were Rajputs, 15 Káthis, 2 Chárans and 4 Mahomedans. 38 belong to Gondal, 17 to Hálár Pránt, 9 Gohilvád, 3 Sorath, 2 Jhálávád, 1 from His Highness the Gáekwár's territory in Káthiáwár and 5 from outside Káthiáwár.

The fee receipts amounted to Rs. 12,005 as against Rs. 12,220 in the previous year. The total expenditure was Rs. 26,200 as against Rs. 23,976 in the previous year.

SÁMALDÁS COLLEGE.

233. The Bhávnagar Darbár reports that the number of students on the rolls of this institution was 70 as against 54 in the previous year.

The following is the result of the examination of the Students from this institution :—

Name of examination.	No. of students passed.
Previous.....	13
Intermediate.....	11
B. A.	4
1st LL. B.	8

The total cost of the institution was Rs. 21,087 during the year.

BÁHÁ-UD-DIN MEMORIAL COLLEGE.

234. The College was formally opened on 4th January 1901 and is now attended by 97 students. The Principal, Mr. M. Hesketh, M. A., is in charge of the College.

The College has been affiliated to the Bombay University. The total cost during the year was 9,525 Rupees.

CHAPTER VIII—*Archæological.*

Archæological. 235. The following specimens were received in the Watson Museum during the year:—

- 1 Mineral ash.
- 26 Kinds of stones.
- 1 Red earth.
- 1 Coal.
- 26 Coins (8 silver, 15 copper, 1 brass, 2 plaster).
- 15 Fossils.
- 18 Old articles.

CHAPTER IX—*Miscellaneous.*

236. The number of printing presses in Káthiáwár was 28 at the end of the year as against 27 in the previous year, a new one having been opened at Rájkot.

Printing Presses.

237. Two Newspapers are published at Rájkot, the Káthiáwár Times and the Káthiáwár News, as reported last year.

Newspapers and periodicals.

CONCLUSION.

238. The year under report, though in all respects more favourable than that which preceded it, has been one of continued distress and financial difficulty throughout the Province. Some of the larger States even are embarrassed by the serious diminution in their incomes, while a considerable proportion of the smaller Chiefs are now heavily involved in debt. Without the pecuniary assistance which Government has been pleased to afford to those in need of it, the condition of Káthiáwár would indeed have been deplorable. In these circumstances, there is very little of interest to report in regard to the administration of the various States and Tálukás, or of the Agency itself. Economy and reduction of expenditure have been the key-note of the policy of all. Unfortunately, as I write, the prospects of a long over-due monsoon are most unfavourable and the States and the Agency are preparing to face—if need should be—a fourth year which, even if it does not bring famine, cannot fail to be one of more or less acute distress and of increasing financial embarrassment.

Concluding remarks.

H. O. QUIN,
Acting Agent to the Governor
in Káthiáwár.

APPENDIX I.

No. 82 of 1902-1903.

From The JUDICIAL ASSISTANT,
Káthiáwár.

To The POLITICAL AGENT,
Káthiáwár.

Káthiáwár.

TO,

The Honourable Mr. S. W. EDGERLEY, C. I. E., I. C. S.,

CHIEF SECRETARY TO GOVERNMENT,

Bombay.

POLITICAL DEPARTMENT.

KÁTHIÁWÁR POLITICAL AGENCY,

Rájkot, 9th September 1905.

SIR,

I HAVE the honour to submit the Annual Report on the Administration of Káthiáwár for the year 1904-1905 to which are appended the reports of—

1. The Judicial Assistant, Káthiáwár.
2. The Political Agent, Jháláwad Pránt.
3. Do. Sorath do.
4. Do. Hálár do.
5. Do. Gohilvád do.
6. The Superintendent, Managed Estates, Káthiáwár.
7. The Superintendent of Agency Police, Káthiáwár.
8. The Medical Officer, Káthiáwár.
9. The Agency Engineer, Káthiáwár.
10. The Principal, Rájkumár Collège, Rájkot.
11. The Agency Educational Officer, Káthiáwár.

I have the honour to be,

Sir,

Your Most Obedient Servant,

W. P. KENNEDY, Colonel,

Agent to the Governor,

Káthiáwár.

CHAPTER I.

Political.

1. Colonel W. P. Kennedy held charge of the Agency throughout the year. Captain Beale held charge of the post of the Personal Assistant to the Agent to the Governor from 1st April 1904 to 27th May 1904 and Mr. F. W. Allison from 28th May 1904 to 5th July, and from 24th July to 9th December 1904. The Gohilvād Pránt was re-established and the Personal Assistant was put in charge of a Pránt.

Principal events. 2. The principal events of the year under report were:—

- I. K. S. Ghansyámsinhji, heir-apparent of Dhrángadhra proceeded to England for the purpose of continuing and finishing his studies.
- II. K. S. Rámsinhji, heir-apparent of the Wadhwán State was born on 10th October 1904.
- III. Re-establishment of the Gohilvād Pránt on 9th December 1904.
- IV. Death of Jádeja Ráísinhji, 7th Class Tálukdár of Khirasra on 20th February 1905 and the succession of his eldest son Bálsinhji.
- V. Opening of the Morvi metre gauge Railway at Wadhwán by His Excellency the Governor at Wadhwán on 3rd March 1905.
- VI. His Excellency the Governor visited Káthiáwár.

During his stay at Rájkot His Excellency the Governor held a Darbár and received the Chiefs of Káthiáwár who had assembled at Rájkot on the occasion and delivered to His Highness Sir Bhávsinhji, the Thákór Sáheb of Bhávnagar, the insignia of K. C. S. I. at the Darbár held at Rájkot on the 4th March 1905.

- VII. The unfortunate death of Major Carnegie, the Political Agent, Hálár Pránt on the 9th March 1905 in the Gir Forest.

3. The Annual Administration Reports of the 1st and 2nd Class States without remarks and those of 3rd Class States with States of Class I to IV. reviews thereon by the Pránt Officers concerned have already been submitted to Government (*vide* Government Resolution No. 6089 of 13th August 1902, Appendix F.).

Tálukás of 5th, 6th and 7th Classes.

4. The following list shows the Tálukás of 5th, 6th and 7th Classes :—

1k.

JHÁLÁVÁD PRÁNT.

1. Vanod 5th Class, *under Agency Management.*
2. Rájpur 6th Do.
3. Chandrasinhji of Bhoika Do.
4. Estate of Jenkhánji of Dasáda Do., *Do.*
5. Rái-Sánkli Do.
6. Vadod Do., *Jurisdiction now exercised by Agency.*
7. Chotila-Estate of 1 Share-holder... .. Do.
8. Sanosra-Do. do. Do.
9. Anandpur-Estates of 2 Share-holders. Do.

SORATH PRÁNT.

1. Bántwa..... { 2 Share-holders ... 5th Class.
 { Bántwa Majmu ... Do.
2. Jetpur { 3 Share-holders ... Do.
 { 1 Jetpur Táluka Court. Do.
 { 6 Share-holders ... 6th Class.
 { 1 Share-holder ... 7th Do.
3. Vasávad 5th Class.
4. Válá Vájsur Válara of Bagasra Do.
5. Dedán 6th Do.
6. Válá Rám Harsur of Bagasra Do., *under Agency Management.*
7. Vichhavad 6th Do.
8. Kuba Do.

HÁLÁR PRÁNT.

1. Jáliá-Deváni 5th Class.
2. Kothária Do.
3. Gavridar Do.
4. Pál Do.
5. Gadhka Do.
6. Mengni Do., *under Agency Management.*
7. Shápur 6th Class.
8. Rájpara Do.
9. Bhádwa 7th Do., *Do.*

10. Khirasra 7th Class; *under Agency Management.*
11. Vadáli Do. *Do.*
12. Lodhika-2 Share-holders of Lodhika. 7th Class; *since promoted to 5th Class.*

GOHILVÁD PRÁNT.

1. Kotda-Pitha 6th Class.
2. Bhadli-1 Share-holder Do.
3. Itaria Do.
4. Khambhála-Vánkia Do.
5. Kariána-2 Share-holders 7th Do.

All these Tálukás with two exceptions are heavily in debt and there is nothing important to note here in connection with any one of them.

The Budgets of those Estates below IV Class which have borrowed money from Government or from private persons under the guarantee of the Agency are scrutinized by the Political Agents in charge of Pránts.

THÁNA CIRCLES.

5. There are in all 12 regular Thána Circles in Káthiáwár:—

JHÁLÁVÁD PRÁNT.

1. Wadhwán District Thána.
2. Dasáda Thána.
3. Bhoika Do.
4. Páliád Do.
5. Chotila Do.

SORATH PRÁNT.

1. Bagasra Thána.
2. Lakhápádar Do.

HÁLÁR PRÁNT.

1. Drápha Thána.
2. Lodhika Do.

GOHILVÁD PRÁNT.

1. Bábra Thána.
2. Songadh Do.
3. Dátha Do.

6. The new Thána scheme was brought into force in 1903-04. It is working satisfactorily. Besides the 12 regular Thánás there are 2 Tálukdári Thánás, viz., Dedán and Jhinhuváda. The Thánadárs of these two Thánás are not pensionable servants of the Agency.

7. A proposal has been made by the Political Agent, Sorath Pránt for the amalgamation of Bagasra and Lákhápádár Thánás into one Thana, having regard to the unhealthiness of Lákhápádár and its uncentral position as Head Quarter Station while it is hoped that the amalgamation, if feasible, will also relieve the very numerous shareholders of some of the burden of expense. I am ascertaining the feeling of the Tálukdárs and shareholders of the Thána in respect of the proposal and will submit the necessary proposals to Government when the scheme is fully developed. The project requires close examination owing to the financial difficulties that it presents.

8. All the Thánás were inspected during the year by the Pránt Officers or their Deputy Assistants. I inspected the Wadhwan District Thána.

CHAPTER II.

Season, Crops and condition of People.

JHÁLÁVÁD.

9. The rain-fall in this Pránt was altogether insufficient varying from 15 inches in Páliád and 9 to 6 inches in the rest of the Pránt. Crops of Jowári and Bájri yielded something, but were poor. Rabi crops were also very poor for want of timely and late rain. The average out-turn of crops was from 4 to 8 annas in a rupee. The condition of people was not good. It was not, however, found necessary to open relief works as the people had sufficient saving from the last year's earning.

SORATH PRÁNT.

10. The rain-fall throughout the Pránt was scanty and the year has been one of scarcity. The cotton and wheat crops on the average, did not exceed 8 and 10 annas respectively. The average out-turn of crops was from 4 to 8 annas in a rupee. The condition of people was not good. The people, however, were able to maintain themselves from last year's savings.

HÁLÁR PRÁNT.

11. The rain-fall throughout the district was far less than normal especially in the Dhrápha Thána where the total rain-fall was only 4.97. The out-turn in Dhrápha was only 4 annas a rupee; Lodhika fared rather better as the out-turn came to about 10 annas in a rupee. The condition of people was poor. They were, however, able to maintain themselves from last year's saving. The average out-turn of crops was from 4 to 8 annas in a rupee.

GOHILVÁD PRÁNT.

12. Owing to the unfavourable rains the crops during the year were

very bad. The average out-turn was from 4 to 6 annas in a rupee. The out-turn of wheat was also poor. The cotton crop failed almost entirely. The year was one of scarcity. Rates of grain, however, were not very high. Condition of people was poor but they were able to maintain themselves from the last year's saving.

CHAPTER III.

Production and Trade.

Rain-fall and Production.

13. The rain-fall in the Districts named below was as shown below :—

	(Average rain-fall).
Jhálávád	13·26
Sorath	16·10
Hálár	10·86
Gohilvád	6·61

14. In Jhálávád the kharif crops of Bájri and Jowári were realized to some extent while the rabi crops were not at all satisfactory on account of want of late rain. The average out-turn of the crops was from 4 to 8 annas in the rupee.

15. In Sorath the kharif crops had almost entirely failed except in the Junágadh State but Cotton and Wheat averaged 8 and 10 annas in the rupee respectively. The average out-turn of crops was from 4 to 8 annas in the rupee.

16. In Hálár the average out-turn of crops is estimated at from 4 to 8 annas and in Gohilvád from 4 to 6 annas in the rupee. In Hálár the kharif crops were quite fair but they entirely failed in Gohilvád. The Gohilvád Pránt and the parts of Sorath bordering over Gohilvád suffered the most in consequence of the failure of kharif crops. Every endeavour was, however, made in these districts to raise crops by irrigation.

17. The year was on the whole a very bad one and the people felt its effects but as they had saved something in the year before they were able to maintain themselves and there was no necessity for famine relief works except here and there on a very small scale. Some needy people were employed on local works in certain parts in February and March. The people of Jhálávád found employment on the work of conversion of Morvi Railway into a metre gauge Railway system. The labour was on the whole all round obtainable and at very fair wage rates.

18. As the income of most of the Japti Estates was not sufficient loans had to be taken from Government to carry on their administration. Some few non-Japti Estates also borrowed money to carry on their administration. The total amount of Government loan paid during the year 1904-1905 was Rs. 84,343-15-6.

Trade. 19. The usual sea-borne trade and rail-borne trade returns are appended.

20. During the year under report 40,174 bales, weighing 20,089½ Khándis passed through the Cotton Market as against 37,523 bales, weighing 18,875 Khándis, in the preceding year. The fees realized were Rs. 5,022-6-0, as against Rs. 4,693-15-0 in the year before.

CHAPTER IV.

Wards Estates.

21. There are in all 5 States of Classes II to IV under the supervision of Pránt Officers :—

- | | | | | | |
|---|-----|-----|-----|-----|------------|
| (1) Rájkot | ... | ... | ... | ... | 2nd Class. |
| (2) Mánávadar | ... | .. | ... | ... | 3rd Do. |
| (3) Láthi | ... | ... | ... | ... | 4th Do. |
| (4) Mália | ... | ... | ... | ... | Do. do. |
| (5) Estate of Vála Nája Kála of Bilkha. | | | | | Do. do. |

22. Nos. 1, 2 and 3 are under Agency Management on account of minority of the Chiefs. Nos. 4 and 5 on account of debts and the deposition of the Chiefs. Ázam Nájavála was deported to Ahmednagar. Separate reports of these States have already been submitted to Government duly reviewed by the Pránt Officers concerned.

23. The minor Chief Lákhájiráj joined the Cadet Corps after the end of the official year *i. e.* in June 1905. He joined the Rájkot State. Rájkumár College on the 14th January 1895 and left it in March 1905. The Principal of the College expressed a high opinion as to his progress and conduct. In the prize distribution by His Excellency the Governor of Bombay in March 1905, the minor Chief carried off prizes and medals for his proficiency in athletics and good conduct. The total revenue of the State in Samvat 1960 was Rs. 3,88,587 while the expenditure amounted to Rs. 2,71,969. The total debt which remained unpaid at the end of the year was Rs. 1,24,170.—

- | | | | | |
|--------------------------------------|-----|-----|-----|----------|
| (1) Government Loan | ... | ... | ... | 98,500 |
| (2) Amount due to Agency Engineer | | | | |
| on account of superintendence charge | | | | 25,670 |
| | | | | <hr/> |
| | | | | 1,24,170 |

A sum of Rs. 2 lakhs has been invested in the Jetalsar-Rájkot Railway while a sum of Rs. 97,120-4-0 remained to be recovered on account of outstanding dues. The financial condition of the State is thus on the whole satisfactory. The State spent Rs. 88,345 on Public Works during the year under report.

24. The total receipts on account of paddock and stud farm amounted to Rs. 5,670-5-2, while the expenditure amounted to Rs. 14,416-10-1 including the sum of Rs. 1,550 of which Rájkot Paddock and Stud. Rs. 1,200 was the price of a Káthi stallion and Rs. 350 the price of 5 bullocks. The net deficit was Rs. 7,196-4-11. There were in all 6 stallions who served 82 mares—32 private and 50 Darbári. 8 colts and 8 fillies were born during the year of the Darbár mares of whom 2 died and 14 remained at the end of the year.

In the beginning of the year there were 38 young stock. 16 young ones were born during the year. 3 colts were sold to Ahmednagar Remount Department. 8 fillies were transferred to the brood mares register and 3 fillies died leaving 40 young stock at the end of the year. There were 35 brood mares at the end of the year.

25. This is a Third Class State. It has been under Agency Management ever since A. D. 1888. The age of the elder Kumár Mánávadar. Shri Fatehdinkhánji is 19 years and 9 months and that of younger Kumár Kamáludinkhán is 16 years and 4 months. Fatehdinkhánji joined the Cadet Corps in 1904. The younger Kumár Kamáludinkhán continues his studies in the Rájkumár College.

26. The financial condition of Mánávadar is most satisfactory. There was a cash balance of Rs. 93,504-7-8 at the end of the year in addition to the sum of Rs. 7,35,030-11-3 lent to other States and Talukás on interest and Rs. 2,24,900/ invested in Government securities. Thus the State has a balance of Rs. 10,53,453-2-9 including cash and investments at the end of the year. The State spent Rs. 23,601 on public works during the year.

27. The State maintains a paddock at Mánávadar. The annual cost of the paddock amounted to Rs. 11,402. In this paddock two kinds of breeding are worked, viz. horse and mule breeding operations. There are 2 stallions one an Arab and the other Cyprian Donkey. The former stallion covered 17 mares while the latter covered 14 mares. Besides the two stallions there are 2 more stallions. One is an Italian Donkey stallion and the other a district horse. The former served 2 donkey mares while the latter has not served any mares. There are 40 brood mares in this paddock.

28. The minor Chief Partápsinhji was born on 21st April 1891 and his younger brother Jorávarsinhji on 21st July 1891. Both Láthi State. the Kumárs are now studying in the Rájkumár College. The minor Chief is progressing well at the College and is head of his class. The financial condition of the Taluka is good and very little debt now remains to be paid. The general condition of the people is fairly good; the good crop of the last year enabled them to resist the effects of the year under report.

29. The Taluka is known for the turbulent tribe of Miánás which comprises a large proportion of the Taluka population. Mália. Marriage of K. S. Gumánsinhji, the eldest son of the heir-apparent was celebrated on 10th December 1904. He having completed his studies in the College was withdrawn from it during the year.

There was no serious crime during the year. Only 3 of the escaped convicts from the Petlād Jail are still at large.

The financial condition of the State is very bad. The total liability against the State was Rs. 5,35,059-3-9 at the end of the year:—

(1) Government loan	1,87,952	0	0
(2) Local Fund loan	2,13,081	3	9
(3) Other debts	1,34,026	0	0
	5,35,059	3	9

30. The Chief of this Estate has been banished to Ahmednagar. Marriage of his son Kánthad Vála was celebrated on the 27th April 1904. The total amount expended on the marriage was Rs. 11,431. The financial condition of the State is not good; it is much in debt.

Estates of Vála Nája Kála
of Bilkha.

31. All the Estates and Tálukás below class IV are under the supervision of the Superintendent, Managed Estates.

Estates under the Superin-
tendent, Managed Estates.

There were in all 728 Estates under Japti at the end of the year as under:—

(1) On account of Famine loan	590
(2) Do. minority	36
(3) Do. Encumbered Estates rules	69
(4) Other causes	33
	728

Of the 728 Estates there are 30 Estates with a revenue above Rs. 10,000: while there are 698 Estates with a revenue below Rs. 10,000.

The cost of the Japti Department was Rs. 25,530 during the year as against Rs. 22,572. Detailed information in respect of these Estates is given in the report of the Superintendent of Managed Estates. Almost all these Estates are heavily in debt.

CHAPTER V.

Trade.

36. The mileage of open line was 577 miles. The conversion of Morvi Railway line from Wadhwan to Rajkot into metre gauge was declared open by His Excellency the Governor on the 3rd March 1905. The gross earnings of Kathiawar Railways during the year was Rs. 25,92,186 and the working expenses amounted to Rs. 12,21,946. The dividend varied from 7.71 per cent. on the Morvi Railway to 2.44 on Jamnagar Railway.

Railways.

37. The amount spent on various public works in States amounted to Rs. 15,18,860. The amount spent through the Agency Engineer during the year under report was Rs. 1,34,104.

Public Works.

38. The outstanding balance on account of Tribute, British, Gaekwar and Junagadh Zoratalbi on the 31st March 1905 amounted to Rs. 4,62,330-3-11 as against Rs. 3,83,634-11-9 on 31st March 1904.

Tribute.

Local Funds.

39. The receipt and expenditure of the Consolidated Fund amounted to Rs. 2,09,939-8-10 and Rs. 2,17,152-9-11 respectively during the year of report.

40. The number of Hospitals and Dispensaries in Native States was 103 and the cost amounted to Rs. 2,55,858-11-4. The number of Hospitals and Dispensaries under the supervision of the Agency Surgeon on 31st March 1905 was 21 and the cost amounted to Rs. 45,974-5-4. The number of patients treated in all the Hospitals and Dispensaries during the year was 6,53,341. In the Rasulkhanji Hospital for women at Rajkot 169 in-patients and 2,017 out-door patients were treated during the year at a cost of Rs. 12,358-8-2. The total number of primary and secondary vaccinations during the year was 65,325.

Medical Relief.

41. The Educational Institutions including the Rajkumar College, the Talukdari Girasia school, Wadhwan, and the Gondal Girasia school numbered 1,238 with 84,594 pupils against 1,200 Institutions with 70,958 pupils in the year before. The total expenditure on education in Kathiawar increased from Rs. 8,28,549 to Rs. 8,50,795.

Education.

42. The new scheme for Chiefs' College was brought into force during the year and it is working satisfactorily. The question of Government Grant towards this Institution is still before the Government of India whose final orders are awaited. The number on the rolls at the end of 1904-05 was 41 against 42 last year.

Rájkumár College.

Kumár Shri Lákhájiráj of Rájkot was sent from this College to the Cadet Corps which he joined in June 1905. Kumár Shri Joráwarsinhji of Chuda was held physically unfit to join the Cadet Corps by the Medical Officer in charge of the West Hospital.

His Excellency Lord Lamington, the Governor of Bombay distributed prizes to the Kumárs of the College on the 7th March 1905. His Excellency also presided at a meeting of the College Council of the governing body during his visit.

Tálukdári Girásia School at Wadhván.

43. The number of Kumárs attending the Tálukdári Girásia School at Wadhván was 59 against 63 in the preceding year. They are reported to be making good progress.

44. The Gohilvád Pránt was reconstituted during the year under the orders of Government and its reconstitution has relieved the inconvenience and expense caused to very many small land-holders when it was abolished.

Restoration of Gohilvád Pránt.

Horse Breeding.

45. There are 9 paddocks in Káthiáwár. The total number of stallions is 54. They covered 928 mares during the year.

CHAPTER VI.

46. The year under report was on the whole a bad one, but as the people had saved something from last year's savings most of them were able to carry on and maintain themselves. Local works were started wherever they were found necessary in February and March for relief of needy people. Advances were made to needy cultivators for their feeding charges, seeds, bullocks &c. Advances from Government loan were also made to needy Tálukdárs to enable them to carry on the administration of their estates. It was an anxious fair and the Province was on the very verge of another famine.

Concluding Remarks.

47. All the Agency Officers discharged their onerous duties satisfactorily. The unfortunate death of Major Carnegy is a great loss to the Province and has deprived Government of an able and sound Officer. My own office has worked well and I have again to make favourable mention of my Daftardár Mr. Vithal-rái Himatrám. My Head Clerk Mr. Pánáchand Jeychand and Mr. Laxmishanker Jádavji have also worked well.

W. P. KENNEDY, Colonel,

Agent to the Governor,

Káthiáwár.

No. 187 OF 1905-1906

From, The JUDICIAL ASSISTANT,
Káthiáwár.

To, The AGENT TO THE GOVERNOR,
Káthiáwár.

Rájkot, 24th June 1905.

SIR,—I have the honour to submit the annual report on the Judicial work of the Province of Káthiáwár for the year 1904-1905.

2. During the year under report Mr. C. A. Kincaid held charge of the office of the Judicial Assistant, Káthiáwár.

W. T. W. BAKER,
Judicial Assistant, Káthi.wár.

No. 432 of 1905-1906.

From

Lieutenant-Colonel J. DAVIES.

Political Agent, Jhaláwád Pránt.

To

The AGENT TO THE GOVERNOR

Káthiáwár.

CAMP WADHWÁN CIVIL STATION,

Dated 8th June 1905.

SIR,—I have the honour to submit the Annual Administration Report of the Jhaláwád Pránt for the year 1904-1905.

PERSONNEL.

2. Major H. D. Merewether was in charge of the Pránt till relieved by Captain W. Beal on 5-7-04; but owing to the sad death of Major H. G. Carnegy, Captain W. Beale was transferred to Hálár Pránt and was relieved by me on 18-3-05.

3. Mr. Motilál Batañji Kothári was in charge of the office of the Deputy Assistant Political Agent, throughout the year.

Principal Events.

4. (a) K. S. Ganasyámsingji, Heir-Apparent of Dhrangadhra proceeded to England for the purpose of continuing and finishing his studies.

(b) K. S. Rámsingji, Heir-Apparent of Wadhwán State was born on 10-10-04.

(c) The four Pránt system was restored in December last, consequently the States of Bhávnagar, Pálitána and Vala were transferred to the Gohilyád Pránt, and the Chotila Thána was again placed under this Pránt.

Season and Crops.

5. During the year under report the rains held off for a very long time, and what little rain fell in September 1904, was not sufficient; consequently the year proved one of scarcity; the faint hope entertained that the rain although late would improve the agricultural prospects, was marred by the scorching heat and strong breezes which prevailed in October as well as by the severe frosts which occurred during February, when abnormal cold was experienced throughout the Province. It is only through the previous year proving favourable that the Talukdars and Bhagdars, with certain exceptions, have been able to maintain themselves without borrowing anything from Government. The Talukdars under the Chotila Thána suffered greatly owing to the failure of crops.

Public Health.

6. The public health was on the whole not good. Plague was prevalent in Dhrangadhra, Limbdi, Chuda, Páliád, Dasáda and many other villages. Small-pox also made its appearance in some of the villages of the Bhoika Thána.

CHAPTER I—*Political.*

7. The Annual Reports of the States and Tálukás noted in the margin have been sub-

- 3RD CLASS.
 1. Lakhtar.
 2. Sálla. 3. Chuda.
 4TH CLASS.
 1. Muli.
 2. Bajána.
 3. Pátdi.

mitted to you with reviews thereon as laid down in Para (b) of Appendix F to Government Resolution No. 6089 dated 10-8-02, Political Department. Vala reverted to the Gohilvád Pránt on its reconstitution. There is therefore no necessity to give any particulars as regards these States here.

VANOD.

8. Vanod is a fifth class Táluka under the Agency Management on account of debt. It being under Management, full details concerning it, will be given by the Superintendent of Managed Estates. Although it was after the close of the year under report, yet it may be noted that Vanod Tálukdár Kamaludinkhánji died on 1-5-1905.

9. Owing to the reversion of the Chotila Thána with its petty jérisdictional Tálukás, there are at present 6 petty Tálukás of 6th Class, viz. Rájpur, Bhoika (Chandrasingji), Rái-Sánkli, Chotila (Kháchar Surag Sádul), Ánandpur (Kháchar Jethsur Mánsur), and Sanosra (Kháchar Amra Sága), there is nothing politically important to note as regards these Tálukás except that the Táluka of Rájpur was divided between the two brothers in accordance with their mutual agreement, but the jérisdictional powers are vested in the elder brother Jhála Mánsingji as per Government Resolution No. 1284, Dated 21-10-1904, Political Department.

CHAPTER II—*Wáreds' Estates and Thána Circles.*

10. There are no Tálukás under Agency Management in this Pránt, under the control of the Pránt Officer, as all the estates below class IV are under the supervision of the Superintendent of Managed Estates, Káthiáwár. Malek Zainkhánji of Dasáda on return from his Indian tour was allowed to work as Joint Manager of the estate for six months as per Agent to the Governor's No. 5298 dated 23-11-04.

THÁNA CIRCLES.

11.

WADHWÁN DISTRICT THÁNA.

Area	..	..	...	... 196·475 square miles
Population	...	...	...	... 25,987.
Density	...	...	...	... 132 per square mile.

DASÁDA THÁNA.

Area	..	...	...	.. 119·7 square miles.
Population	...	...	...	... 10,941.
Density	...	...	...	... 92 per square mile.

CHOTILA THÁNA.

Area	...	...	...	... 367·9 square miles.
Population	..	...	...	... 15,611.
Density	...	...	...	... 43 per square mile.

BHOIKA THÁNA.

Area	...	...	...	... 178·3 square miles.
Population	...	...	...	... 15,696.
Density	...	..	...	.. 88 per square mile.

PÁLIÁD THÁNA.

Area	...	...	.. 227·3 square miles.
Population	...	...	... 3,913.
Density	...	..	... 71 per square mile.

JHINJHUVÁDA THÁNA.

Area	..	...	.. 164·4 square miles.
Population	..	...	... 11,732.
Density	..	...	... 71 per square mile.

12. There is nothing particularly worthy of report as regards the Thána Circles, except that the Chotila Thána reverted to this Pránt on 7-12-1904. Captain W. Beale, while in charge visited all the Thánás except the Chotila and Wadhwán District Thánás during the year under report. Chotila Thána was examined by the Deputy Assistant Political Agent, Hálár; and Wadhwán Thána by the Deputy Assistant Political Agent Jhálávád the Judicial Assistant Káthiáwár, and by the Agent to the Governor. When Captain Beale was at Jhinjhuváda he went into the question of reduction of the Thána Establishment. This matter is still under consideration.

CHAPTER III—*Protection.*

13. The number of offences reported to Police during the year under report were 468. In these cases 568 persons were arrested and 531 were sent for trial; of these 283 were convicted and 213 were discharged or acquitted.

14. The value of property stolen was Rs. 9,893-11- $\frac{4}{2}$ and the amount recovered was Rs. 5,127-5-3 $\frac{1}{2}$ giving a percentage of 51·9 as compared with 49·35 p. c. for 1903-04.

15. There were at the commencement of the year 807 suits for disposal; 3,329 were filed during the year, making a total of 4,136 of which 3,568 were disposed of, leaving 568 in arrears.

16. The Judicial records of the marginally noted States and Tálukás were examined by this office during the year under report, and remarks communicated to the Chiefs or Tálukdár concerned with the hope of obtaining still better results in future.

Muli.
Bajána.
Bhoika (Chandrasingji).

CHAPTER IV—*Production, &c.*

17. The rain fall in this Prant was altogether insufficient, varying from 15 inches in Páliád to 9 to 6 inches in the rest of the Pránt. Of the Agtar crops Jowári and Bájri were produced to some extent, whereas owing to the rain not falling till late the Pachhtar crops were not satisfactory. On the whole this year has produced crops from 4 annas to 8 annas in a rupee.

WADHWÁN CIVIL STATION COTTON MARKET.

18. During the year under report 40,174 bales, weighing 20,089 $\frac{1}{2}$ Khándis passed through the Cotton Market as against 37,523 bales weighing 18,775, Khándis in the last year. The fees realized were Rs. 5,022-6-0 as against Rs. 4,693-15-0 in the preceding year.

Horse-breeding

19. There are no paddocks for horse breeding in this Pránt.

Horse and Cattle Show.

20. No Horse or Cattle Show was held during the year under report.

CHAPTER V—*Epidemics.*

21. There was Plague in Dhrángadhra, Limbdi, Chuda, Páliád, Dasáda, and many other villages. Some cases of small-pox occurred in some of the villages of the Bhoika Thána.

WADHWÁN CIVIL STATION DISPENSARY.

22. The Wadhwán Civil Station Dispensary was in charge of Ráo Bahádur Thákore-dáss Kikábhái throughout the year.

CHAPTER VI—*Instruction.*

23. There is nothing special to note under this head except that the Kunvar of the Vithalgadh Tálukdar joined the Tálukdari Girasia School.

Tálukdari Girasia School.

24. The Kumárs attending the Tálukdari Girasia School are reported to be making good progress. The number of boys attending the school was 59 as against 63 in the previous year. The distribution of the boys is as follows:—

Jhálávád	...	...	...	40
Gohilvád	...	...	...	3
Sorath	...	...	...	4
Hálar	...	...	...	7
Reva Kantha	...	...	...	1

Cutch...	...	...	...	2
Mahi Kantha	...	...	...	1
Total				59

Mr. S. A. Strip was Superintendent throughout the year.

GENERAL.

25. Mr. Motilál Ratanji the Deputy Assistant Political Agent is a capable Officer and has performed his duties satisfactorily.

Mr. Gulam Haider, Shirestedan is a hard working reliable officer and has given full satisfaction. Mr. Maneklál, English Clerk is hard working and reliable and has done his work well.

The Station Vahivatdar Mr. Kalianrai Anandrai has performed his duties satisfactorily.

I have the honour to be,

Sir,

Your most Obedient Servant,

J. DAVIES, Lieut.-Colonel,

Political Agent,

Jhálávád Pránt.

No. 1502 OF 1905.

From,

The POLITICAL AGENT,
Sorath Pránt.

To,

The AGENT TO THE GOVERNOR
in Káthiáwár.

Junágadh, dated 11th July 1905.

SIR,—I have the honour to submit the Annual Administration Report of the Sorath Pránt for the year 1904-1905 for States below 4th Class and Thána Circles.

PERSONNEL.

2. During the year under Report the Pránt was under the charge of the following Officers in succession :—

Captain Carter up to May 28th, 1904.

Captain W. Beale up to July 5th, 1904.

Mr. F. W. Allison, I. C. S., up to July 23rd, 1904.

Major H. G. Carnegie up to September 1904.

Mr. O. Rothfeld, I. C. S., up to December 12th, 1904.

Mr. F. W. Allison, I. C. S., up to the end of the year.

Mr. V. G. Gadkari was Deputy Assistant Political Agent, throughout the year.

Principal Events.

3. The abolition of the Gohilvád Pránt had brought most of the Tálukás and all the Thánás which belonged to it under this Pránt. It was avowedly an experiment and was found to entail inconvenience and expense to most of the people who had to come to Jetalsar instead of to Songadh as the Pránt Head Quarters. As a result the Gohilvád Pránt was re-established, by Government orders, on December 9th 1904, and this Pránt resumed its normal proportions.

4. His Excellency the Governor of Bombay visited Junágadh in March.

5. The questions of the succession in the Sanála Táluka and in Khoda Vála's Estate have been decided by the Government of India.

The Season.

6. The rain-fall throughout the Pránt was scanty and the year has been one of scarcity though not of famine.

7. The cotton and wheat crops on the average did not exceed 8 and 10 annas respectively.

Public Health.

8. The public health has been good except that plague made its appearance in most parts of the Pránt. Generally it soon died away and the number of deaths was not as great as in previous years.

CHAPTER I.

Political.

9. The Annual Reports of States and Tálukás shown in the margin have been submitted to you with reviews thereon as desired in para (b) of Appendix F. to Government Resolution No. 6089, dated 19-8-1902, Political Department, forwarded to this office under your No. 2724, dated 15th May 1903. It does not seem necessary to give any particulars in connection with the above said States.

Education.

45. There are 9 Schools in the Thána at which 583 boys attended during the year.

Plague.

46. This Thána was visited by this dire disease during the year and there were 229 cases and 161 deaths at the end of the year.

Vaccination.

47. 572 persons have been vaccinated during the year under report.

General.

48. I visited this Thána in the month of February 1905. It was inspected by O. Rothfeld Esquire, I. C. S., in October 1904.

LÁKHÁPÁDAR THÁNA.

Area	...	..	...	137·2 square miles.
Population	..	..	..	13,147.
Revenue	...	..	..	Rs. 65,000.
Tribute	..	..	..	2,827.

49. After the death of Ázam Pánáchand Mr. Gopál Hemchand held charge of the Thána from 19th April 1904 ; he was transferred to Bhoika Thána in June 1904, and Mr. Manishankar Rájárám, B. A., LL. B., was appointed in his place. He was in charge of the Thána up to the end of the year under report.

50. This Thána was inspected in October 1904.

General.

51. The Lákhápádar Thána Circle is divided up among a very large number of proprietors, many of whose shares are so small that they are practically in the position of small cultivators or even of labourers. These people have been reduced to indebtedness and poverty by successive years of scarcity. Very many of the estates are under management.

Rain-fall.

52. Rain-fall during the year was 7·14 as against 12·90 in the previous year.

Vaccination.

53. 438 persons have been vaccinated.

DEDÁN THÁNA.

Area	...	...	99.5 square miles.
Population	..	...	4,394.
Revenue ..	...	...	40,000.
Tribute ...	..	...	Rs. 2,956.

54. Three quarters of the Thána is under management.

55. This Thána was inspected in October 1904.

Vaccination.

56. 125 persons have been vaccinated during the year as against 157 last year.

Rain-fall.

57. Rain-fall during the year was 9.44 against 23.28 in the last year.

Plague.

58. Plague appeared in this Thána in November 1904 there being 105 cases and 73 deaths.

CHAPTER V.

Police.

59. The number of police at the end of 1904-05 was 1709 and maintained at a total cost of Rs. 2,55,403-8-5 during the year.

Working of Police.

60. The number of persons arrested was 2,199 and the number of persons convicted was 1,210. Thus giving a percentage of 55.4.

Stolen property.

61. The value of property stolen during 1904-05 was 57,476-15-11, and value of property recovered during the year under report was Rs. 24,867-4-2. Thus giving the percentage of 42.39.

Criminal cases and Appeals.

62. 3,132 Criminal cases and 304 Criminal appeals were disposed of during the year under report, leaving a balance of 128 original cases and 3 appeals undisposed of at the close of the year.

Violent Crimes.

63. No. of serious offences committed during the year under report was as under:—

1. Murder...	...	1903-04	7.	1904-05	6.
2. Dacoities	..	..	2.	..	4.
3. Robberies	..	..	6.	..	2.
4. House-breaking	...	..	115.	..	122.
5. Thefts ..	...	..	555.	..	577.
6. Receiving stolen property.	..	..	145.	..	183.
			830		892

Civil Justice.

64. 6,480 Civil suits were decided during the year against 8,979 last year.
65. 442 Civil appeals were decided in 1904-05 as against 379 of the year previous.
66. Value of original civil suits was Rs. 7,38,032-6-1½.
67. The number of original civil cases and appeals in arrears at the close of the year was 943 and 122 respectively.

Registration.

68. 872 deeds of the value of Rs. 9,45,997-3-9 were registered during the year under report as compared with 728 deeds of the value of Rs. 5,27,469-3-0 the year previous.

Medical Relief.

69. There are 37 dispensaries under this Pránt as against 36 in the preceding year.
70. Number of patients treated was 1,92,599. The cost of the maintenance of the dispensaries during the year amounted to Rs. 79,859-8-11.

CHAPTER VI.

Education.

71. There were 265 institutions in this Pránt against 261 last year.
72. Number of scholars was 19,073 against 17,042 and the cost of the maintenance of the institutions during the year was Rs. 1,56,595-7-11 against 2,40,299-4-7 in the preceding year.

RÁJKUMÁR COLLEGE AND TÁLUKDÁRI GIRÁSIA SCHOOL WADHWÁN.

73. The Kumárs attending these institutions have been reported on favourably.
- 3 Kumárs attend the Rájkumár College.
- 1 Kumár attends the Tálukdári Girásia School.

CHAPTER VII.

Paddock (Horse breeding).

74. There are 3 Paddocks in the Pránt at Junágadh, Porbandar and Mánávadar the same as in last year.
75. They are working under the supervision of the Veterinary Surgeons of the respective States. Particulars have been given in the reports of the States concerned.

Telegraph and Post Offices.

76. Nothing particular to record under this head.

Public Works.

77. The amount spent on public works excluding furniture during the year under report was Rs. 4,48,386 as against 4,20,622 in the previous year.

CHAPTER VIII.

Institution Fee.

78. The amount of institution fees realized in the Agency Courts under the Pránt during the year under report in cash and stamps was Rs. 6,035-14-0.

CHAPTER IX.

Cholera.

79. There was no Cholera.

80. Small-pox had made its appearance in certain parts of this Pránt especially in Junágadh territory during the year under report.

Vaccination.

81. The number of persons vaccinated was 18,216 against 17,538 the year preceding.

Conclusion.

82. All the smaller States and Tálukás have suffered very severely from successive years of scarcity, and they are almost all heavily in debt. The Tálukdárs fully realize their position, and are prepared to cut down expenses to the lowest amount compatible with efficient administration and given fairly good years in the immediate future they should be able to extricate themselves from their difficulties. The smaller share-holders of Lákhápádar are in a more hopeless condition, because the margin of their ordinary income over necessary expenses is relatively smaller; and they are very often in the hands of exorbitant money-lenders in addition to their debts to Government. A large proportion of these estates have been under Government management until they are free from debt. Another bad year would cause most of the others to be taken under management.

83. I have to add that Mr. Gadkari has now acquired some experience of this Province and has proved himself an able and efficient Officer.

84. The work of my own establishment has been satisfactory.

I have the honour to be,

Sir,

Your Most Obedient Servant,

F. W. ALLISON,

Political Agent, Sorath Pránt.

From, Captain W. BEALE,
Political Agent, Hálár Pránt.

To, Colonel W. P. KENNEDY,
Agent to the Governor,
Káthiáwár.

Rájkot, 6th July 1905.
7

SIR,—I have the honour to submit the annual administration report of the Hálár Pránt for the official year 1904-05.

Major F. W. Wodehouse was in charge of the Pránt until the 31st of January 1905. He was succeeded by Major H. G. Carnegy on the 5th of February 1905, Mr. H. J. Antia the Hálár Deputy officiating in the interim. Major Carnegy held charge upto the 9th of March 1905, the day on which he was unfortunately killed by a lion in the Gir forest. Mr. Antia was again in charge of the Pránt until relieved by me on 20th idem.

2. Mr. H. J. Antia was the Deputy Assistant Political Agent Hálár throughout the year.

CHAPTER I.

3. Jádeja Ráisinghji, Tálukdár of Khirasra died on the 20th of February 1905, and his eldest son Jádeja Bálsinhji has been recognised as his heir. The estate was taken under Agency management on account of debt on 15th November 1904.

4. Rámsang Sawaji of Náná-Mahuwa and Jiwansinghji Kanubhai of Kotdá-Náyáni both Tálukdárs of non-jurisdictional estates under Lodhika Thána died on 17th May 1904 and 4th July 1904 respectively.

5. While the three Pránt system was being tried, Jasdan a 3rd Class Táluka of Gohilvád Pránt and the Thána of Chotila together with Anandpur a 6th Class Táluka of the Jhálávád Pránt were brought under the Hálár Pránt. But on the reintroduction of the Four Pránt System on the 7th December 1904 the *status quo ante* was restored.

6. As the First and Second Class States submit their reports direct to the Agent to the Governor no remarks are made concerning them here.

7. There are no Third Class States now in this Pránt. The reports of the undermentioned Fourth Class Tálukás have been sent with separate reviews from this Office.

1. Kotdá-Sángáni.

2. Virpur.

8. 5th, 6th and 7th Class Tálukás are the same as last year except Chotila Thána and Anandpur transferred as above stated.

9. The budget system is progressing fairly, a careful scrutiny of the figures entered is necessitated. The condition of the States and Tálukás is no better than what it was last year.

10. The eldest son of Sháhpur Tálukdár and the second son of Jádeja Harisinghji, Lodhika Tálukdár were admitted to the Rájkot Rájkumár College during the year.

LODHKA THÁNA.

Area.....265·2 square miles

Population.....7,737.

11. Ázam Gordhan Máwji was Thánadár of the Thána throughout the year. He returned from privilege leave on 10th May 1904 and in his absence Ázam Bápubhai, Mengni Manager acted for him.

12. The names of Mánsang Harisang and Jádeja Rámsang Shivabhái have been enrolled as successors to the estates of their respective fathers who died in the previous year.

13. The Judicial work of this Thána has been satisfactory.

DHRÁFA THÁNA.

Area.....207·7 Square miles.

Population.....14,836.

14. Ázam Jayáshankar Vághji held charge of the post of Thánadár upto the 22nd of November 1904 when he was relieved by Mr. Pránjiwan Nathubhái the present Thánadár of the place.

15. There were 44 regular civil suits on file in arrears and 65 were filed during the year under report making a total of 109 in all out of which 99 have been disposed of in the year leaving only 10 in arrears.

CHAPTER II.

Season and crop.

16. The rainfall throughout the district was far less than normal especially in the Dhráfa Táluka where the total rainfall was only 4·97, consequently the outturn in Dhráfa was only 4 annas a rupee. Lodhika fared rather better as the outturn came to about 10 annas a rupee.

17. The financial condition of the land-holders of these Thánás is embarrassed and the Tálukdárs are hardly able to realize what their responsibilities are.

18. The total amount of Government loan outstanding from the smaller shareholders in the Lodhika Thána at the commencement of the year was Rs. 12,547-11-7 out of which Rs. 5,952-10-5 have been recovered. In Dhráfa Thána outstandings on that account was Rs. 54,549-11-7, out of which Rs. 6,167-3-2 have been recovered.

19. Besides the above Government loan debt there are other debts over and above the decretal debts execution of which is pending.

CHAPTER III.

Production and trade.

20. The principal Agtar crops are Bájri, Jowári, Til, and Cotton and Wheat and Gram of the Páchhtar. Good stones for building purposes are available but the trade is quite local.

21. The statement of import and export by sea shows the state of the sea-borne trade in this Pránt.

CHAPTER IV.

Wards' Estates.

22. The States and Tálukás which were last year under management of the Agency are this year the same, out of which the second Class State of Rájkot and the fourth class State of Mália have sent in separate reports. Mália is still in charge of the Political Agent. The Mengni Tálukdár is still at the Girásia School, Wadhván.

CHAPTER V.

General progress, etc.

23. The District especially the Dhráfa Thána has not yet quite recovered from the effects of famine. The crops having failed, the cultivators have been badly hit and Tálukdárs are obliged to maintain them which even the Tálukdárs are not in a fit condition to do.

24. The financial condition of the Rájkot Civil Station is very unsatisfactory. Expenditure exceeds the income and many desirable improvements cannot be undertaken. A great loss to the revenues of the Station has been sustained by the transfer of the sale proceeds of land to the Land Improvement Fund, where before the Civil Station Fund benefited.

25. The year has been marked by the visit of His Excellency the Governor to Rájkot in the beginning of March last. His Excellency performed the opening ceremonies of the Morvi Metre Gauge Railway at Wadhván travelling after the ceremony by a special train to Rájkot, where all the Chiefs of Káthiáwár were assembled to meet His Excellency and to attend the public functions in connection with the visit.

CHAPTER VI.

26. I cannot refrain from alluding here to the sad and untimely death of my predecessor Major H. G. Carnegy, in whom the Department has lost an invaluable Officer.

27. Mr. Ántia, the Deputy Assistant Political Agent, Hálár has, as usual, worked conscientiously and "*con amore*."

28. For the very short time before the expiration of the year that I have held office, I have found my Establishment quite satisfactory.

I have the honour to be,

Sir,

Your most obedient Servant,

W. BEALE, Captain,
Political Agent, Hálár Pránt.

No. 1000 of 1905.

GOHILVÁD PRÁNT OFFICE,

5th June 1905.

SIR,—I have the honour to submit the Annual Administration report of the Gohilvād Pránt for the year 1904-1905.

The Pránt Office was opened on the 7th December 1904.

PERSONNEL.

Mr. Otto. Rothfeld was in charge of the Gohilvād Pránt from the time the Office was re-opened till the 8th February when he was relieved by Lieutenant-Colonel J. Davies who remained in charge till the 17th March 1905. The charge then remained with Mr. Chimamlál G. Mehta, till the close of the year. There were therefore three changes of the Officer in charge of the Pránt during the period which is less than four months.

Mr. Chimamlál G. Mehta was Deputy Assistant Political Agent in charge Gohilvād Pránt during the whole year under report.

Principal Events.

His Highness the Thákor Sáheb of Bhávnagar was invested with the Insignia of K. C. S. I. on the 4th March 1905 by His Excellency the Governor of Bombay.

Season and Crops.

Owing to unfavourable rains the crops this year were very bad. The out-turn of wheat was not sufficient. Severe winter this year damaged the crops. The cotton crop failed almost entirely. Though the year is not one of famine, scarcity is felt every-where. Rates of grain however are not very high.

Public Health.

Public health was good, though plague visited Bhávnagar in the last part of the year. Dátha and Láthi were also infected.

CHAPTER I.—Political.

Vala.
Jasdan.
Láthi.

The annual reports of States and Tálukás noted in the margin with reviews thereon have been submitted to you, so there is no necessity to give any particular as regards these States here.

CHAPTER II.—Season and Crops.

Owing to deficient rain fall and severity of the winter the crops were bad. The people, however, found means of getting through the hard times, as the previous year was a good year.

CHAPTER III.—*Production & Trade.*

I have no remarks to make. The cotton trade almost failed.

CHAPTER IV.—*Wards' Estates & Thana Circles.*

There are no Tálukás under Agency Management in this Pránt under the control of the Pránt Officer, as all Estates below IV class are under the supervision of the Superintendent of Managed Estates, Káthiáwár. The Pránt Officer has Political control over these Estates and there is nothing important politically as regards them.

Láthi State is under management. A separate report is forwarded.

THÁNA CIRCLES.

*BÁBRA THÁNA.

Area. ...	... 81.90 square miles.
Population. ...	... 24,067.

The Thána was visited in the month of February. There are 4 Sixth Class and 2 Seventh Class Tálukdárs. Mr. Harchand Inderji was in charge of the Thána for the whole year except a month when Mr. Balwantrái Ranchhoddás acted for him.

Rain-fall during the year was 4 Inches 93 Cents against 21 Inches 68 Cents previous year.

SONGADH THÁNA.

Area. ...	... 184.99 square miles.
Population. ...	... 23,283.*

Mr. Manilal Keshavlál was Thánadár in charge of the Thána for the whole year. The Thána was inspected in the month of January.

Rain-fall during the year was 8 inches 94 cents against 29 inches 20 cents previous year.

DÁTHA THÁNA.

Area ..	... 171.18 square Miles.
Population ...	... 20,293.

Mr. Sulaimán Khudábax remained in charge of the Thána for the whole year.

CHAPTER V.

The condition of the Tálukdárs as a whole is bad; they are all in a more or less impoverished condition and loans have been made to enable them to tide over the difficulties of the year.

CHAPTER VI.—*Protection.*

The number of offences reported to Police during the year under report were 889. In these cases 1,029 persons were arrested and 1,013 were sent for trial; of these 707 were convicted and 295 discharged or acquitted; of the remaining 11, four accused were committed to Sessions, six are under trial, and one accused died under-trial.

* The amount of property stolen was Rs. 17,736-2-4 and the amount recovered was Rs. 9,028-10-6, with a percentage of 50.90.

There were at the commencement of the year 396 suits for disposal. 4,737 new cases filed during the year, making a total of 5,133, of which 4,894 were disposed of leaving 239 in arrears.

I have the honour to be,

Sir.

Your Most Obedient Servant,

W. C. TUDOR-OWEN,
Political Agent, Gohilvád Pránt.

From, J. E. B. HOTSON, Esquire, I. C. S.,
Superintendent Managed Estates.
Káthiáwár.

To, Colonel W. P. KENNEDY,
Agent to the Governor
in Káthiáwár.

Rájkot, 24th July 1905.

SIR,—I have the honour to submit the fourth Administration Report of the Japti Department for the year from 1st April 1904 to 31st March 1905.

2. I was in charge of this Department throughout the year. Mr. Ranchhoddás N. Jivrájáni held the Office of the Senior Assistant throughout the year. Mr. Umiáshankar Áditráam continued to officiate as Junior Assistant, the permanent incumbent Mr. Nasarwánji Bezonji still being on special duty as reported last year.

3. At the beginning of the year my Camp was at Chotila. Thence I visited the Páliád and Bábra Thánás and some small Japtis under Songadh Tour. Thána, and returned to Rájkot via Láthi and Jasdan in the beginning of July 1904. I paid a short visit to Gondal in August to discuss questions relating to the Bhádwa rights in Supedi with H. H. the Thákori Sáheb of Gondal. The Political Agent Hálár Pránt, Major F. W. Wodehouse, visited Gondal at the same time and was kind enough to give his assistance. In November I went to Khirasra to attach the Táluka and visited Sisáng, Chándli, Mulila, Ledhika, Mengni and one village of the Dhráfa Thána, returning to Rájkot at Christmas. After disposing of a number of budgets I went to Jetalsar towards the end of January and from there visited Jetpur and the surrounding villages. I then went to Luni from which camp I saw Chital and part of the Bábra Thána and afterwards to Náni Kunkáváv. After a few days there I returned to Rájkot to attend the Darbár held by H. E. the Governor of Bombay in March. I again set out to continue my tour in the Sorath Pránt in the end of March.

4. My Senior and Junior Assistants visited their respective charges regularly. The Senior Assistant's energy was particularly noticeable. The Junior Assistant was unfortunately handicapped by illness for part of the year.

5. The total number of Japti Estates at the beginning of the year under report was 896; 31 were added, making a total of 927; while 199 were withdrawn, leaving 728 at the close of the year. The following table will show the details of the figures given above:—

Name of Pránt.	Number of Japtis on 1-4-04.	New Japtis during the year.	Number of Japtis withdrawn during the year.	Number of Japtis remaining on 31-3-05.				
				Famine Loan.	Minority.	Encumbered Estates Rules.	Other causes.	Total.
Jhálávád.....	506	18	142	331	13	31	7	382
Sorath	219		43	143	15	14	4	176
Hálár	29	2		12	2	5	12	31
Gohilvád.....	142	11	14	104	6	19	10	139
Total.....	896	31	199	590	36	69	33	728

Of the 199 estates released from Japti 98 paid off Government Loan; 99 gave security for the repayment of Government Loan by instalments; the application of the Encumbered Estates Rules was withdrawn from one Estate and one Bháyáti Estate lapsed to the Táluka of Vanod.

6. The following table shows a classification of the above Estates according to their revenue:—

Name of Pránt.	No. of Japtis with a revenue above Rs. 10,000	No. of Japtis with a revenue below Rs. 10,000	Total.
Jháláwád	8	374	382
Sorath	14	162	176
Hálár	3	28	31
Gohilvád	5	134	139
Total.....	30	698	728

7. The cost of the Japti Department was Rs 25,530 during the year under report as against Rs 22,572. The incidence of charges comes to about 2½ per cent. on realized income of the Estates as against 1·6 per cent. last year. The increase in the total is due to the charge of the increased pay of my post for the whole year instead of a part only, and to the purchase of tents, while the heavier incidence is chiefly attributable to the decreased income of the Estates on account of the bad year.

8. The contributions for the supervising of the Estates and the Audit Departments were levied at 2½ per cent. and 1% on the estimated income of the Estates. The percentage of the cost of the collecting Establishment varied from 7% on the Wadhván Thána and 8 per cent. in Bhoika to 44% in Chiroda. The average comes to about 12·5 per cent.

9. As remarked last year the figures of income and expenditure are almost worthless for comparison and will continue to be so unless the figures of the budget year ending 31st October are accepted. Thus this year's figures include, for most estates, the produce of last year's excellent cotton crop, while the effect of the failure of the Páchtar crops during the current year will not be noticeable until next year's report is sent in.

10. A brief account of the progress of the various Estates follows:—

JHÁLÁWÁD.

Dasáda Estates.

11. There are 5 Dasada Estates under Management.

12. The total rain-fall in Dasáda was about 6 inches as against 16 last year. The very scanty rain and the abnormal heat in October and severe cold in February injured the crops which were only between 4 to 6 annas in the rupee.

13. Kumár Shri Zainkhán's wife having died, he married a second time during the year under report and several other marriages took place. There was also one death in Malek Sáhí's Estate.

14. K. S. Zainkhan has now been associated as Joint Manager with the Agency Manager in the administration of his own Estate.

Vanod.

15. The rain-fall was only 6 inches 17 cents. Famine conditions prevail in the Táluka.

16. The Marriage of the elder Kumár Hussein Mahomedkhán took place during the year.

Anandpur (Kháchar Jiwa Mesur).

17. Jiwa Kháchar continues to work as Joint Manager.

18. This Estate has been under management on account of the Encumbered Estates Rules for more than 20 years, and the application of the Rules will shortly be withdrawn.

Jinhuváda.

19. As reported last year there are 5 estates under management :—

(i) The Estate of Rásáni Bhágdárs.

(ii) Do. do. Jiwaídárs.

(iii) Do. Meláni do.

(iv) Rozwa.

(v) Meláni Bhágdár Ranchhodji Vakhtáji's Páti.

20. Separate budgets have now been made for each of the main branches.

21. The rain-fall was 9·49 as against the average of 25 inches. Ágtar crops were 1 anna and Páchtar 7 annas. The northern villages showed rather better results.

SORATH.

Jasa Wálá's Estate.

22. Azam Jasa Wála married a second wife during the year under report.

23. He has continued to learn the methods of administration under the Manager.

24. The Ágtar and Páchtar crops are hardly 4 annas in the rupee. Partial famine conditions prevail in the Táluka and relief works on a small scale were opened in February.

25. Encumbered Estates Rules have been applied to this Estate. All the cases have now been decided by the committee, but some appeals are still pending before the Political Agent, Sorath Pránt. A fresh loan from Government has been required to carry on the administration of the Estate.

Estate of Wálás Bhima and Bhán Desa of Bilkha.

26. Kumár Shri Bhima Wála is about 27½ years old. Mr. Nasarwánji Bezanji was appointed his companion in August last but he having been appointed Famine Assistant to the Political Agent, Pálanpur, Mr. Alexander Dias has been appointed to act as companion during Mr. Nasarwánji's absence.

27. The rain-fall was about 6 inches and the revenue of the year is estimated at 3 annas in the rupee.

28. The financial condition of the Estate is however good and the advance from Government which will probably be required this year will be repaid next year without difficulty if the season is favourable. There were no debts at the beginning of the year.

Nág Wálá's Estate.

29. The elder Kumár Wála Mánsia Nág is associated in the administration of the Estate; the other Kumár Desa Nág is about 9 years of age.

30. The rain-fall was but nominal except in Mendarda Páti where it was about 15 to 16 inches. Ágtar crops were poor while Páchtar crops suffered considerably.

Luni.

31. The total rain-fall in this Estate was from 6 to 8 inches but the Táluka requires about 22 inches of rain for agricultural purposes.

32. A loan of Rs. 17,000 will be required during the year.

33. Báí Ganubái, aunt and guardian of the minor Tálukdár died during the year under report.

Nawánia.

34. The marriage of the younger Kunvari which was postponed last year took place in May.

35. The rain-fall measured nearly 14 inches. The crops were $2\frac{1}{2}$ annas in the rupee only.

36. The question of succession to the Estate of the late Wála Khoda Jasa has been decided in favour of Wála Punja Loma of Nawánia. But the amalgamation of the two Estates has not yet taken place, and the quite unnecessary expense of employing two Managers and a double staff is still being incurred. I have no information of the reasons for the delay.

37. Punja Wála left the Wadhván Tálukdári Girásia School and joined the Ráj Kumár College in November 1904 and the increased expenses have had to be met by the Nawánia Estate which therefore instead of benefitting by the amalgamation is a heavy loser.

Khári-Bagasra.

38. The rain-fall was about 6 inches as against 23 last year.

39. As remarked last year, the Tagavi and outstandings remaining to be recovered by this estate are very large. Unfortunately the bad season has prevented the realization of our hopes for large recoveries and has on the contrary made further advances necessary. The soil, however, is fertile and a few good seasons should enable the whole amount to be recovered.

Estate of Wálás Rám and Vira Mulu of Bagasra.

40. The rain-fall was about 6 inches.

41. Kumár Shri Wála Rám Mulu was married in May 1904, and since leaving the Ráj Kumár College has been learning the Vahiwat under the Manager.

42. The total outstandings including Tagavi at the end of the year were Rs. 27,254 of which Rs. 9,944 are bad debts and require to be written off.

Sardargadh.

43. The rain-fall averaged about $7\frac{3}{4}$ inches. The revenue realized was from 5 to 6 annas in the rupee.

44. Kumār Shri Sardār Mahomād Khān married without the permission of the Agency, a son was born who has since died.

45. The release of the Estate from management has been postponed for a period of 6 months and the Kumār continues to learn the methods of administration under the Manager.

46. The Estate has no Government debt.

Chital.

47. Wāla Unad Rāna is joint Manager. The second brother Vālera Wāla has been learning revenue work under the Vahiwatdār.

48. The total rain-fall was about 8 inches. Āgtar crops were about 2 annas, Pāchtar 12 annas in the rupee. The cotton crop was nearly 4 annas.

Sanāla.

49. Division of this Estate between Āzam Wāla Bhāya Nathu and his minor nephew Wāla Giga Hipa took place in October 1904 in pursuance of Government orders. The jurisdiction over both shares of the estate has been given to the minor Giga Wāla represented by the Manager.

50. The rain-fall measured about $3\frac{3}{4}$ inches. The crops were 7 annas in the rupee.

Estate of Kotila Unad Bhān and Surag Bhīm of Dedān.

51. The rain-fall in this Estate was 9·4.

52. The minor Kumār Kotila Unad Bhān has been betrothed to the grand daughter of Wāla Godad Mātra of Bāgasra. Kotila Surag Bhīm is joint Manager.

53. The total area of culturable land is 13,952 bighas. Out of the 4,909 bighas of land shewn as padtar last year, 3,185 were brought under the plough during the year of report.

Kotila Nāja Rāning of Dedān.

54. During the year under report I was not able to visit Dedān. The application of Jaitmāl Kotila for partition was therefore not disposed of. But since the close of the year I have visited Dedān, and the question will probably be decided shortly.

Bāntva Japtis.

55. There were two Japtis under the Bāntva Manager, viz. Bāntva Nākra, and Bāntva Kotdi.

56. The ordinary income of the two Estates together in the year was Rs. 20,987-9-6. The expenditure was Rs. 29,087-1-1.

57. There is no Government debt, but it will very likely be necessary to take an advance before the end of the current year.

58. Many of the Nākra Bhāgdārs have heavy private debts and I proposed some time ago that the Encumbered Estates Rules should be applied, but no decision has yet been arrived at.

HÁLÁR.

Mengni.

59. The total rain-fall was about $14\frac{1}{2}$ inches. The average rain-fall in this Estate is from 25 to 30 inches. Want of rain and severe cold in the beginning of February reduced the outturn to about 12 annas in the rupee.

60. The younger Kumár Gagubháí attends the local school at Mengni.

Bhádva.

61. The rain-fall this year was 15 inches 19 cents. or less than half the average.

62. The ordinary income and expenditure were Rs. 11,577-8-6, and Rs. 13,567-10-9 as against Rs. 19,401-12-1 and Rs. 18,025-5-3 last year. The decrease in income is due to the income of Supedi for Samvat 1960 not being paid by the Gondal State. The decrease in expenditure is accounted for by the fact that the Supedi cases which are pending in the Court of the Political Agent, Hálár Pránt were not taken up during the year of report.

63. The total debt remaining at the end of the Samvat year 1960 was estimated at Rs. 91,560-11-0 which is made up as under:—

Government Loan	...	...	...	...	Rs. 8,965-1-3
Local Fund Loan	...	...	...	...	„ 15,503-5-6
Encumbered Estates Rules	...	..	...	...	„ 16,258-1-0
Guaranteed debts	..	..	..	...	„ 50,843-3-3
					Rs. 91,569-11-0

64. The Táluka is hardly able to pay even the interest on its debts. Its prospects depends very largely on the result of the Supedi cases in which all efforts at an amicable settlement have unfortunately proved unsuccessful.

Khírasra.

65. This Estate was taken under management on November 15th, 1904 on account of failure to pay the instalment of guaranteed loan.

66. In February last the Tálukdár Ráesingji died. His eldest son Bálsingji succeeded him.

67. The ordinary average income of this Estate is estimated at about Rs. 18,000, but in a good year should be much more than that. This year we have collected over Rs. 13,000 although the rains failed and the crops were little more than 8 annas, and although one village was found entirely deserted, another practically so, and there were great areas of waste land everywhere.

68. When the Táluka was attached its accounts were found in great confusion and it has not yet been possible to clear up the cultivators' Khátás or to ascertain the total amount of the debts of the Táluka. Rapid progress is, however, being made with this work while the Manager Mr. Odhavji Makanji has been very successful, in bringing the waste land under cultivation. It is safe to say that if the present seasons rains are favourable there will be more land under cultivation than at any time for the last 10 or 15 years. Next year again, if nothing occurs to upset our expectations will, it is hoped, shew better results.

GOHILWÁD.

Estate of Gohil Ratansingji and Minor Bhavasingji of Limda.

69. The total rain-fall was about 3½ inches. Frost and scanty rain greatly damaged the crops and conditions approaching famine prevail. Wells have been deepened and agricultural improvements carried out by relief labour. Liberal Tagavi for maintenance and seed have been given to the cultivators.

Estate of Gohel Govindsingji of Limda.

70. The above remarks apply to this Estate also.

71. The wives of Kumárs Nársinhji and Kesrisinhji gave birth to sons during this year.

Estate of Wāla Jaga Godad of Bābra.

72. This Estate has suffered severely from the failure of the rains, and the two-thirds share now under management will require a considerable loan. The Mohotap question between Godad Wāla and the heirs of Kāla Wāla has been settled in favour of the former and the accounts have been adjusted accordingly. As between Godad Wāla and Giga Wāla the question is still undecided.

Kamadkhia.

73. This Estate was taken under management on account of debt at the end of the year of report. The Tálukdár is Mir Jufáikár Ali Khán Valad Mir Jáfár Ali Khán of Surat. The debts have not yet been fully ascertained but the Estate is known to be deeply involved.

74. The following is a list of Kumárs attending the Ráj-kumár College, &c:—

1. Kumár Shri Vāla Rām Harsur of Bagasra.

34. Kumár Shri Kesrising Govindsing of do.

GONDAL GIRÁSIA COLLEGE.

1. Vála Amra Unad of Baldhoi.

75. The sons of the smaller Tálukdárs and Bhágdárs attend the village schools, and of these special mention is not necessary. In some cases attendance has been enforced by stoppage of Jiwái, the worst case being that of Dewa Rukhad of Kotda-Pitha. One Dhráfá Girásia has also proved very troublesome. In Jhinjhuwáda no fewer than 33 Thákarda boys attend the school.

76. I much regret that I have not been able to find time to dispose of these cases, Tank compensation cases. but hope it will be possible this year. There are still a few disputes on minor points among the Bhágdárs which increase the difficulty of arriving at a settlement.

77. The tanks did not fill this year and very little revenue has been recovered from any of them.

78. Unfortunately the improvement which took place last year in the condition of most of the Estates under my charge has not been maintained this year. On the contrary the great majority of the Estates have been obliged to incur fresh liabilities to Government.

79. The one hopeful sign is that in spite of the bad year the reduction of the waste areas in several of the Thána Circles has proceeded steadily. The best results have been obtained in Páliád and Wadhván and it is earnestly to be hoped that a good season this year will give the new cultivators a fair start.

80. It is hardly necessary to go into details about each Thána: there is the same story to tell every where.—deficient early rains, a complete failure of the late rains, and severe frosts in January and February. Perhaps Lodhika suffered least and Lákhápadar and the Gohilvád Thánás most. In Lákhápadar and Songadh even fodder has been scarce and expensive.

81. The cultivators have had a hard time this year. They were relieved to some extent by the issue of orders for graduated suspensions and remissions of revenue. Tagávi has been given freely, and ample provision has been made for giving seed when the monsoon breaks. The scarcity of fodder has been met by the encouragement of irrigation and by the supply of grass from the Estate which had a good stock. But the lack of enterprise and foresight of some of the Managers and cultivators has prevented the full benefit being obtained from these stocks of grass. While liberality has been necessary to keep the cultivators and their cattle alive, the inevitable result has been to increase the already large outstandings in the cultivators' accounts and to set back their general credit. Agricultural stock is still short and it has not been possible to do much to make good the deficiency this year. The constant hard work of irrigation has been responsible for the death of a considerable number of cattle, but none have died of starvation except through the carelessness or greed of their masters.

82. Reorganization schemes of the better management of Japti Estates in Lákhápadar and Lodhika Thánás were put into force. It is still too soon to report on their working.

83. The new scheme for the Wadhván, Bhoika, Páliád and Chotila Thánás mentioned last year has worked satisfactorily and will be continued.

84. Amratlál Shivshankar who was arrested last year was convicted on several charges under section 409 of the Indian Penal Code and sentenced to a long term of imprisonment.

85. Sadáshivráo Raghunáth late Manager of Bábra who had absconded was arrested at Amreli; correspondence is going on with regard to his extradition with the State of Baroda.

86. One Kárkun and one Vahivatdár have been dismissed for preparing false pay bills and false Bhatta bills respectively. Two Japtidárs have been reduced for incompetence and declared to be unfitted for employment as Japtidárs. A considerable number of minor punishments have been inflicted, especially for the offence of taking Vethia carts on private business without payment, a practice which has been very common.

87. The present sanction for my post and for the continuance of the Japti Department as a whole in its present form will expire before the close of the year which has now begun and a report has been called for, which will shortly be submitted to the Agent to the Governor. It is to be hoped that the new arrangements will offer better prospects to the temporary pensionable servants who have at present no chance of promotion.

88. Of the other subjects referred to in my para. 81 last year, the simplification of accounts and the grant of house-rent are still under consideration. During the year several amendments of the Management Rules have been suggested and will be considered at the proper time.

89. My Senior Assistant Mr. Ranchhoddás N. Jivrájáni has thrown himself with great devotion into the very heavy work of his charge. The Concluding Remarks. acting Junior Assistant Mr. Umiáshankar Áditráam has also worked very hard. Among the Managers Mr. Venishankar H. Vaishnav, Dasáda and Mr. Odhavji Makanji deserve special mention and Mr. Máneklál Ládhabháí, Jasa Wálá's Estate Jētpur has devoted great care to irrigation and famine relief. The following Japti Managers have met with most success—Mr. Devshi Khodidás, Páliád Division Manager and Mr. Prabhákar Wámanráo Wadhwan Division Manager. The Bábra Manager, Mr. Popat Jesang has perhaps had the heaviest task of all and has come through it with credit. In my own office there have again been several changes which have only emphasised the value of Mr. Chimánrái O. Moon, the 1st Loan Recovery Clerk's long experience. The work of most of the rest of my staff and the majority of the Managers and Japtidárs has been satisfactory.

ave the honour to be,

Sir,

Your Most Obedient Servant,

J. E. B. HOTSON,

Superintendent, Managed Estates, Káthiáwár.

Káthiáwár.

No. 1944 of 1905.

From

H. POGSON, Esquire,
Superintendent of Police,
Káthiáwár Agency.

To

Colonel W. P. KENNEDY,
Agent to the Governor, Káthiáwár.

KÁTHIÁWÁR AGENCY POLICE SUPERINTENDENT'S OFFICE,

Camp Báláchadi 9th May 1905.
12th

SIR,—I have the honour to submit the following report on the working of the Káthiáwár
Statement A Parts III & IV. Agency Police for the year 1904-1905 together with the
Statement C. statements noted in the margin.
Statement F.

2. Mr. W. L. B. Souter was Superintendent upto 28th October 1904 when he proceeded
to Khándesh on transfer. I have held charge of the Police since
Personnel. that date. Mr. H. Stanley acted as Assistant Superintendent of
Police except from 4th April 1904 to 20th May 1904, when he
was on leave. Mr. Boyd also continued to work here as additional Assistant throughout
the year.

3. Cognizable cases reported to the Police or taken up by them numbered 852 during
Police Cognizable cases the year 1904-1905 as compared with 697 and 1276 in the year
Statement A Part III 1903-1904 and 1902-1903 respectively. By separating the cases
columns 8+10. appertaining to the ordinary Agency Jurisdiction from those of
the Railways the following figures are arrived at:—

	Thánás and Civil Stations.	Railways.	Total.
1902-1903.....	1,134	142	1,276
1903-1904.....	575	122	697
1904-1905.....	697	155	852

Total cases for disposal.
Statement A Part III
columns 4+8+10.

4. Including pending cases of the previous year the total
number of cases for disposal stood as under:—

	Thánás and Civil Stations.	Railways.	Total.
1902-1903.....	1,214	160	1,374
1903-1904.....	617	133	750
1904-1905.....	726	161	887

Excluded cases.
Statement A Part III
columns 12+13+25+26
+30+31+32.

5. 170 cases were excluded during the year under report as against 151 and 166 during the preceding two years. Their details are as under:—

	Thánás and Civil Stations.	Railways.	Total.
1. Excluded on Police reports—			
(a) classed as maliciously false.	3	0	3
(b) classed as false but not maliciously	57	22	79
(c) cases transferred or withdrawn	0	2	2
(d) cases declared noncognizable	4	3	7
(e) cases classed as doubtful	0	1	1
	64	28	92
11. Excluded after trial—			
(a) Classed as false but not maliciously	43	5	48
(b) Cases declared non-cognizable	7	1	8
(c) Cases compounded, transferred or withdrawn.	20	2	22
	70	8	78

6. The number of malicious complaints is very small, viz., 3. Prosecutions were undertaken in 2 but the accused were discharged by the Magistrate. No steps were taken against the complainant in the 3rd case.

Maliciously false cases.

7. The number of true cases for disposal during the triennial period was as under :—

True cases for disposal.

	Thánás and Civil Stations.	Railways.	Total.
1902-1903.....	1,076	132	1,208
1903-1904.....	499	100	599
1904-1905.....	592	125	717

8. The ratio of false cases to Police Cognizable cases for disposal is as follows :—

Proportion of true and false cases for disposal.

	Thánás and Civil Stations.	Railways.	Total.
1902-1903	11·36	17·50	·12·08
1903-1904	19·12	24·81	20·13
1904-1905	18·45	22·36	19·16

9. The total population of the Thánás and Civil Stations according to the census of 1901 is 2,35,902. Thus the proportion of true crime to population was 1 crime to 329 souls during the year under report as compared with 1 to 393 and 1 to 195 in 1903-1904 and 1902-1903 respectively. On the Railways the proportion of true crime was 1 to 4.28 miles as against 1 to 5.45. and 1 to 4.12 miles during the preceding 2 years.

Proportion of true crime to population in the Thánás and Civil Stations and to mileage on Railways.

10. The proportion of total reported crime to the number of Police employed on prevention and detection of offences is:—

	Thánás and Civil Stations	Railways.	Total.
1902-1903.....	1. Policeman to 5.47 cases.	1. Policeman to 1.46 cases.	1. Policeman to 4.19 cases.
1903-1904.....	1. Policeman to 2.77 cases.	1. Policeman to 1.25 cases.	1. Policeman to 2.29 cases.
1904-1905	1. Policeman to 3.48 cases.	1. Policeman to 1.22 cases.	1. Policeman to 2.68 cases.

11. The following results were obtained in cases sent up for trial by the Police:—

	Total cases for disposal before the Police.	Total of cases placed before the Courts for trial.	Total of cases ending in conviction.	Percentage of cases ending in conviction to those disposed of.
1902-1903.. { Thánás and Civil Stations.	1,214	727	612	88.31
{ Railways. ...	160	58	48	84.21
Total.....	1,374	785	660	88.
1903-1904. { Thánás and Civil Stations.	617	364	270	80.59
{ Railways.....	133	47	34	77.27

{ Railways.....	161	54	42	91.30
Total.....	887	443	318	78.90

12. The number of pending cases at the end of the year under report was 77 as against 43 and 58 in 1903-1904 and 1902-1903 respectively. Of these 77 cases 50 were pending with the Police and 27 with the Magistracy.

Pending cases.

13. The total number of cases undetected during the year under report was 304 as against 236 and 462 in 1903-1904 and 1902-1903 respectively. The percentage of undetected cases to those for disposal came to 34.27 as compared with 31.46 and 33.62 in 1903-1904 and 1902-1903.

Undetected cases.

14. Turning to the more important heads of crime it may be observed that offences under "Dacoity" and "Robbery" have decreased whilst those of "Murder" "House-breaking" "Theft" and "Receiving stolen property" have generally increased. But the increase is not such as to call for any comments. A comparison of the figures for the triennial period stands as under:—

	Total No. of cases for disposal.	Percentage of cases ending in conviction to cases disposed of by the Police.
Murder. { 1902-1903	5	25.
{ 1903-1904.....	6	33.33

{ 1904-1905.....	25	68.

Sessions Cases. 15. 6 cases were tried in the Court of Sessions and convictions were obtained in 5 giving a percentage of 83.33 as compared with 77.27 in 1902-1903 and 76.19 in 1903-1904.

16. The total number of offences dealt with by the Police under these special laws was 22 during the year under report as against 34 and 35 in 1902-1903 and 1903-1904 respectively. The percentage of cases ending in conviction to cases reported was 100 as against 91.17 and 91.42 in 1902-1903 and 1903-1904 respectively.

17. 835 persons were arrested by the Police during the year as compared with 687 in the previous year and 1,236 in 1902-1903. Including prisoners pending cases of former years the total number of persons for disposal during the triennial period was as under:—

	Thánás and Civil Stations.	Railways.	Total.
1902-1903.....	1,218	106	1,324
1903-1904.....	660	77	737
1904-1905.....	774	95	869

Of 869 prisoners for disposal this year, 764 persons were tried, of whom 495 were convicted as against 459 and 975 in 1903-1904 and 1902-1903 respectively. The percentage of persons convicted to those disposed of by trial was during the year under report 64.79 as compared with 73.32 and 82.34 in 1903-1904 and 1902-1903 respectively.

18. The value of property stolen during the triennial period
Property stolen & recovered. amounted to:—

	Thánás and Civil Stations.	Railways.	Total.
1902-1903.....	22,444 8 8½	4,212 1 2	26,656 9 10½

1904-1905.....	17,133 12 1	2,389 7 0	19,523 3 1

The percentages of property recovered are as under:—

	Thánás and Civil Stations.	Railways.	Total.
1902-1903	51.31	28.72	47.75
1903-1904	56.33	56.57	56.35
1904-1905	35.43	37.75	35.71

Property was stolen in 481 cases during the year under report as compared with 412 and 922 in 1903-1904 and 1902-1903 respectively.

Property was recovered in 277 cases as against 245 and 611 in 1903-1904 and 1902-1903. The percentage of cases in which property was recovered to cases in which property was stolen came to:—

	Thánás and Civil Stations.	Railways.	Total.
1902-1903	68.09	51.92	66.26
1903-1904	61.44	49.25	59.46
1904-1905	61.55	41.66	57.58

19. 25 persons were placed before the Courts under sections 55 (b) and (c) and 109 and 110 Criminal Procedure Code, and 21 were required to furnish security for good behaviour. The figures in this connection for the triennial period are as under:—

Supervision over b & d characters.

	No. of persons placed before the Courts.	Number required to furnish security.
1902-1903	4	0
1903-1904	2	2
1904-1905	25	21

4 persons absconded before trial. Out of 21 persons convicted 18 were Baurias.

20. Special arrangements were necessitated at Rájkot and Wadhván and on B.-G.-J.-P. and Morvi Railways in connection with His Excellency the Governor's visit to Káthiáwár in March last.

21. The sanctioned strength of the force is 205 officers and 800 men, or inclusive of the Vasáwad Thána Police 207 Officers and 804 men=1,011. The actual expenditure during the year on account of the force came to Rs. 2,57,737-13-11 inclusive of the cost of the Vasáwad Police.

Sanctioned strength of the force and expenditure.

22. The following punishments were inflicted during the year:—

Punishments.

Strength of the force.	Number judicially punished.	Departmentally punished.	Total of 1902-1903.	Total of 1903-1904.	Total of 1904-1905.	Percentage of men punished to total strength.
1,011	2	87	130	96	89	8.80

Of these 89 punishments, 12 were dismissals and the rest fines and degradations.

23. 31 policemen received monetary rewards as compared with 97 policemen in the preceding year. The sum of Rs. 267 was also distributed amongst 56 village policemen for their assistance in the detection of crime.

Rewards.

24. The number and percentage of Officers and men able to read and write are as follows:—

Education.

Strength.		Able to read and write.		Percentage able to read and write.		Percentage of officers & men able to read & write.
Officers	Men.	Officers.	men.	Officers.	men.	
207	804	161	347	77.77	43.15	50.24.

25. 142 men were enlisted during the year while 100 left the force and at the close of the year there were 10 vacancies. 12 men out of the 100 who left the force were pensioned. During the triennial period 312 men have left the force, only 46 of these having received pension.

Enlistments and Resignations.

26. 13 Policemen died during the year as compared with 24 and 23 in the preceding two years. The percentage of sick in Hospital was 55.44 as against 68.33 and 61.32 in 1903-1904 and 1902-1903 respectively.

Health.

27. 5 Sowars rooms and 5 stables built at Dhráfa, 4 stables at Lodhika, 5 rooms at Dhráfa, 2 at Bagasra and 27 at Head Quarters at a total cost of Rs. 13,296-3-7, represent all the Police Buildings constructed during the year, whilst repairs on the existing lines cost Rs. 2,450-9-9. Many more require to be re-built as soon as possible.

Police Buildings.

Inspection.

28. The following Police Stations, Subsidiary Police Stations and Out Posts were inspected during the year under report :—

Names of Police Stations visited and inspected.	Names of subsidiary Police Stations visited and inspected	Names of Out Posts visited and inspected.
Songadh Bábra Wadhwan Bhoika Dasáda Chotila Dhrafá Rájkot C. S. Lodhika Dhrafá Bagasra Jetalsar C. S. Páliád Dasáda—By Mr. Boyd.	Vasáwad Talsána Jhinjhuwá- da • Mulila—By Mr. Stanley	Vithalgadh Bámanbore Dhándhalpur Adariána • Anandpur—By Mr. Stanley.

29. The chief feature of this year's crime is again a further decrease in the number of dacoities and robberies committed. * Murders have increased but this is not due to inactivity on the part of the Police. Murders unless committed by professional murderers such as Thags, who do not exist, now cannot be prevented by the Police. The slight increase in the number of thefts calls for no comment. The increase in the number of house-breaking is no doubt to a certain extent due to Baurias who, unknown to the local Police, have been troubling Káthiáwár. It is hoped that the recent captures of several Bauria gangs in different parts of Káthiáwár will have some effect. Taken all round, the force has worked well.

30. With the exception of the Ankewália murder case which created considerable interest at the time, the year has been an uneventful one.

I have the honour to be,

Sir,

Your Most Obedient Servant,

H. POGSON,

Superintendent of Police,

- (a) The occurrence of one of the offences mentioned in Column 1 is necessary to constitute the property "Stolen property" (Section 410, Indian Penal Code). Each entry should be made against the offence by which the property became stolen property. Additions can be made in Column 1 if it is found necessary to show any property which is not strictly "Stolen property" under the Indian Penal Code.
- (b) The value entered should ordinarily be that reported by the complainant, but the opinion of a Court, if expressed, should be followed. Value estimated by a District or sub-divisional Magistrate may be entered instead of that reported if thought advisable in any particular case, and the actual value should be entered in both Columns V and VI, when specific property is recovered.
- (c) The latter part of the statement (viz. under B—Non-cognizable) should be prepared in the Magistrate's Office and furnished complete to the Police.

Báldádhá, 9th May 1905.

H. FOGSON,
Superintendent of Police,
Káthiáwár Agency.

Camp Rājkot, 16th June 1905.

From, The AGENCY SURGEON,
Káthiáwár.

To, The SANITARY COMMISSIONER,
for the Government of Bombay.

SIR,—Referring to your letter No. 613/B., dated the 20th February 1905, I have the honour to forward herewith annual Statements of Vaccination on form Nos. I, II and IV and to summarize below the working of the Vaccination Department in Káthiáwár for the year 1904-1905.

2. The States of Junágadh, Jámnnagar, Bhávnagar, Morvi and Gondal are permitted to look after their own Vaccination Departments and hence their figures are separately shown in the Statements annexed.

3. The following table will show the number of villages visited by the Vaccinators and inspected by the Superintendents and their Assistants :—

Names of Districts.	No. of villages.				No. of children inspected by.		REMARKS.
	Total.	Visited by Vaccinators.	Inspected by		Assistant Superintendents.	Superintendent.	
			Assistant Superintendents.	Superintendent.			
Under Agency Surgeon, Káthiáwár	1,768	1,763	1,135	93	16,208	3,833	† Besides these the Agency Surgeon inspected 5,879 old cases. * Besides these the Superintendent inspected 881 old cases.
Junágadh State	825	630	162	40	3,054	973	
Jámnagar „	669	649	312	11	4,154	361	
Bhávnagar „	658	502	153	101	6,584	17,952	
Morvi „	146	141	134	15	1,458	233	
Gondal „	175	171	126	75	2,952	*1,952	
Total of Káthiáwár	4,241	3,856	2,022	335	34,410	25,304	

The above statement shows that in the Junágadh and Bhávnagar States, out of 825 and 658 villages respectively only 630 and 502 villages were visited during the year by the Vaccinators leaving nearly 25% of the villages which were not visited by the Vaccinators. The States of Jámnnagar, Morvi and Gondal have shown a tendency to improvement in this direction as compared with the figures for the year 1903-1904; but it is a matter of regret to note that the premier States of the Province viz. Junágadh and Bhávnagar are, in this respect, very remiss.

4. The Assistant Superintendents of the Junágadh, Jámnnagar and Bhávnagar States have visited, respectively, 10,026 and 61 villages less during the year under report, as compared with the figures of the past year. My own opinion is that these Assistant Superintendents do not visit all the villages of their States at least once in every two years.

The Assistant Superintendents under my control have shown a marked increase under this head, viz. 189 villages more than the number visited last year.

As regards Bhavnagar the Superintendent of Vaccination *i. e.*, I suppose the Chief Medical officer of the State, is reported to have inspected nearly 18,000 children, where as the inspector who is a full time officer in this respect, has only been able to inspect 6,584 children. This I do not understand.

5. I am not allowed to personally inspect the work in the five native States but I am justified in saying from the statistics supplied by them that the Vaccination work is conducted very inefficiently in some of them. The Gondal State seems to do its Vaccination work the most efficiently of the States.

6. During the year under report, I did not visit any of the villages of the five first class States of the Province as they are given full powers over their Vaccination by Government and I am not to, in any way interfere with them. I attach a copy of a letter from Government No. 3429, dated 1st June 1905, Political Department in which the latest ruling of Government is contained, but I did not ask for any control over these States. I only ask for a Government ruling on the question, if I could inspect any of these States' villages while on tour. Government Resolution No. 2693 dated the 27th April 1891 authorizes you to report any matters concerning the Vaccination arrangements in Káthiáwár which you think worthy of Government notice, and I beg you will be so kind as to point out to Government the figures and remarks in paras. 3 and 4 of this letter which show that the Vaccination arrangements in these States are not efficient.

7. Should you concur with me I would request you to point out to Government the necessity of the Sanitary Commissioner's with Government making periodical inspection of the Vaccination work in the States, which have at present or may hereafter create the Vaccination organization of their own in this province, and in the area under the Agency Surgeon's jurisdiction, as it will, in my opinion, greatly improve the standard of their Vaccination work.

8. The following table will show the state of small-pox in this province during the year under report :—

Districts.	No. of villages affected.	Case of small-pox.		Deaths from small-pox.		REMARKS.
		Previously protected.	Previously unprotected.	Previously protected.	Previously unprotected.	
Under the Agency Surgeon, Káthiáwár }	117	527	391	15	69	
Junágarh State'	19	87	173	2	32	
Jámnagar „	39	342	97	114	18	
Bhāvnagar „	49	185	313	5	40	
Morvi „	26	382	94	16	14	
Gondal „	9	72	31	7	2	
Total.....	259	1,595	1,099	159	175	

9. The work of the Vaccinators under my control was on the whole satisfactory.

10. The animal lymph was as usual stored in lanoline during the cold season and buffalo calves were used for the purpose, the results obtained being satisfactory. A new strain of lymph from Doctor King, Sanitary Commissioner for Madras, was obtained and used to propagate the lymph from calves.

11. There is one feature which astonishes me in this Province and it is that the birth and death statistics are not published by the authorities concerned, as is done in the regulation Districts; my own opinion about the birth and death statistics kept in villages, from personal inspection, is that they are utterly unreliable.

I have the honour to be,

Sir,

III. Special notes, if any, re general health of the District, &c.:-

- (I) Plague prevailed in the province, also small-pox. In the area under the direct Supervision of the Agency Surgeon out of 918 small-pox cases, only 84 died of whom 69 were previously unvaccinated.
- (II) The system of birth and death registration is most inaccurate in the District.
- (III) Most of the villages are very dirty and the attention of local officers must be drawn to the necessity of removing manure heaps and night soil from villages to fields.
- (IV) Native quacks in medical charge of Dispensaries should be discouraged.

AGENCY ENGINEER'S OFFICE,

Rajkot, 17th July 1905.
18th.

From, The AGENCY ENGINEER,

Káthiáwár.

To, The AGENT TO THE GOVERNOR,

Káthiáwár.

SIR,—I have the honour to submit herewith my Annual Administration Report for the year 1904-05 and to be,

Sir,

Your Most Obedient Servant,

H. S. DAVIES,

Agency Engineer.

ADMINISTRATION REPORT OF THE AGENCY ENGINEERING
DEPARTMENT ON PUBLIC WORKS EXECUTED
DURING THE YEAR 1904-05.

GENERAL—The principal works carried out during the year are—

- (i) The Betti Bridge.
- (ii) 27 Units Police quarters, Head quarters.
- (iii) Special Repairs Rájikumar College.
- (iv) Rándarda Pumping installation.
- (v) Re-roofing Post and Telegraph Office Wadhwán.
- (vi) Lálpuri Pumping installation.
- (vii) Catch water drain Rájkot.
- (viii) Lalpuri canal extensions.

COMMUNICATIONS—The only new work is the Beti Bridge at the 14th mile on the Rájkot Wadhwán Road. It is a large bridge comprising 8 spans of 50 feet arches with roadway 50 feet above River bed.

It is practically complete, including the new approaches and will be opened for traffic after rain has fallen to settle the roadway.

The usual repairs to trunk roads were carried out but for want of rain little could be done but collect materials.

ORIGINAL WORKS—These are all enumerated in the accompanying list and it will only be necessary to mention the more important works.

At the Head Quarters Police Lines two new lines for constable were built; making 27 units of the approved standard design. Out of the savings the school house, which had fallen in was rebuilt.

At the Rájikumar College the special repairs were taken in hand and the two end wings in the front rebuilt and handed over to the Principal for occupancy.

At the Rándarda lake, filter beds and a pumping installation was completed. It supplies drinking water to the Rájkot Civil Station.

The Lálpuri Irrigation canals were extended during the year and the Áji aqueduct started. It is a structure of 8 spans of 50 feet arches and about 50 feet high.

To the south of Rájkot City a large catch water drain, commenced in the famine, was completed. The catch water drain, Nálla Diversion and reclamation which together represent one project Cost 12,039-11-0.

At Wadhwán the Post and Telegraph Office was partly dismantled and rebuilt with a sound roof covered with Mángalore tiles.

REPAIR—The usual repairs to buildings were carried out during the year and the cost of each is given in the accompanying list. Extraordinary repairs were:—

No. 363 of 1905-1906.

To,

Colonel W. P. KENNEDY,
Agent to the Governor,
Káthiáwár.

*Camp Rájkot, Dated 6th June 1905.
10th*

SIR,—I have the honour to forward herewith my report on the progress of Education Káthiáwár for the year 1904-1905.

I have the honour to be,

Sir,

Your Most Obedient Servant,

DHIRAJRÁM V. VYÁS,
Agency Educational Officer,
Káthiáwár.

REPORT ON THE PROGRESS OF EDUCATION IN KÁTHIÁWÁR
FOR 1904-1905 TO BE SUBMITTED TO THE AGENT TO THE
GOVERNOR, KÁTHIÁWÁR.

CHAPTER I.

There were, during the year 1904-1905, 1,238 institutions with 84,594 pupils against 1,200 institutions with 70,958 pupils in the previous year. Of the 1,238 institutions 1,010 or 34 more than last year were public and had 78,009 pupils against 61,248 last year. The number of private institutions was 228 against 224 last year and had an attendance of 11,585 against 9,710 in the preceding year.

Of the total No. 84,594 of pupils, 70,927 were males, and 13,667 were females. The large increase of 13,636 in the No. of pupils in the total institutions is partly due to the opening of New Schools during the year under report, but chiefly to fewer schools being temporarily closed owing to plague on the 31st March last, than on the same date in the previous year.

13 Schools with 1,408 Scholars were closed on account of plague on 1st March last.

The total estimated population of school going age in Káthiáwár is 3,49,379, out of whom 84,594 were at school at the end of the year, so there were 2,64,785 children receiving no school education whatsoever.

Of the 1,010 public institutions, 262 were under the administration of the Agency, 708 were under Native States, 23 were private, 13 were aided and 4 were unaided. The total expenditure on education in Káthiáwár increased from 8,28,549 to 8,50,795, of which provincial funds contributed 04, fees 17.47, Revenues of Native States 77 and other sources 5.49.

The following is a comparative statement showing the share which each class of institution had in the total expenditure as compared with the last official year :—

	1903-1904.	1904-1905.
Art's Colleges	60,793 0 0	59,138 0 0

CHAPTER II.—COLLEGIATE EDUCATION.

Art's Colleges.—The attendance in the Sámaldás College, Bhávnagar has increased from 65 to 86 and the Báháuddin College, Junágadh has 141 pupils on its rolls against 100 last year. Of the total No. 227 of students attending the two Colleges, 64 are reading for the B. A. Examination against 45 last year and 173 are studying the Previous and Intermediate courses against 125 last year. In the Hostels attached to the Báháuddin College, Junágadh, excellent arrangements are made by the Junágadh State for the comforts and accommodation of the students of the College.

CHAPTER III.—SECONDARY SCHOOLS.

The No. of High Schools has remained unaltered, viz., 11. But the attendance in them has risen from 2,451 to 2,783. The increase is chiefly due to none of the Schools being closed at the end of the year on account of plague. Two of the High Schools, viz. the Rájkumár College, Rájkot, and the Gondal Girásia College are institutions for special classes.

The fee receipts in all High Schools show a decrease from Rs. 86,442 to Rs. 79,404.

Agency High Schools.

1. Káthiáwár High School, Rájkot, which was the first to be established in the Province used to be attended by students from all parts of Káthiáwár until the establishment of similar institutions in some of the larger Native States. It is a Central Institution for secondary education and still contains a large number of outside students. Its numerical strength which was much affected by plague in the year before last was almost recovered during the last year, but has been again reduced from 293 to 229 on account of a second visitation in February last. The fee receipts have, however, increased from Rs. 8,204 to Rs. 8,681.

About $\frac{3}{4}$ of the expenditure upon the School is defrayed from Fees, Endowments and other sources, the Rájkot State making good the deficit which is about $\frac{1}{4}$ of the total expenditure every year. The results of the Annual and Matriculation were good, 22 out of 55 students sent up passed the latter Examination. 7 students got the 1st Grade Art Certificate in the School of Art Examinations. The physical education of the boys is well attended to. The school team played 4 Cricket Matches during the year and won two of them. The Reading Room for students and Masters in the School is well attended and its Library and Laboratory are in an excellent condition.

It is the only institution in the whole province that has got a Graduate Assistant who has passed the Secondary Teacher's Certificate Examination.

2. Rájkumár College.—I am not officially connected with this institution, and cannot pass any remarks upon its working. It seems from the statistics that I have received that it had 41 students on its roll on the 1st March last against 42 last year, and the fee receipts fell from Rs. 42,995 to Rs. 34,226. Rs. 18,544 were received from Endowments and other sources, and the total expenditure for the year amounted to Rs. 52,770.

Native State High Schools.

1. The Junágadh High School was closed for about 3 months owing to plague, but at the end of the year, the attendance in it was 536 against 449 in the preceding year. The fee receipts increased from Rs. 2,048 to Rs. 3,274. French was introduced as a second language in the School in addition to Persian, Sanskrit and Gujaráti during the year. 22 boys passed the last Matriculation Examination out of 27 sent up. The result was very creditable. Cricket is reported to be becoming very popular in the School.

2. The Jámnnagar High School had 200 pupils against 207 last year. Owing to an out-break of plague in the beginning of the year, the school had to be closed for about two months and the fees realized fell from Rs. 3,233 to Rs. 2,788. But its efficiency was maintained. 11 boys passed the Matriculation Examination out of 26 submitted for the Examination. The Drawing Class of the School obtained conspicuous success at the School of Art Examinations. 8 boys out of 11 presented secured the 1st Grade Art Certificate and 8 out of 14 students presented, passed in the 2nd Grade Examination. His Highness the Jámásáheb who is a keen sportsman himself has instituted a Challenge Cup for encouraging physical education in the school.

3. The strength of the Bhávnagar High School declined from 436 to 384 owing to plague that broke out there towards the close of the year. The fee receipts, however, show an increase from Rs. 6,023 to Rs. 7,261. 29 students passed the Matriculation Examination out of 56 presented. The result was good. Mr. J. N. Unwála, M. A., who was

Head Master of the School for a long time retired soon after the close of the year. In him Bhavnagar has lost an old and devoted servant and Káthiáwár an officer of conspicuous ability and experience.

4. The Vakhtuba Charitable High School at Morvi had also a reduced attendance through plague. It had 267 students on its roll against 296 last year. 5 boys passed the last Matriculation out of 8 sent up.

5. The Dáji Ráj High School, Wadhván, 264 pupils on its rolls. The fee receipts increased from Rs. 2,329 to Rs. 3,221. 17 students appeared for the last Matriculation Examination and 13 passed. The physical education of the boys was well looked after as usual.

6. The number of the Sagránji High School, Gondal, shows a remarkable increase from 291 to 377. The fees also rose from Rs. 3,194 to Rs. 3,906. 14 students passed the Matriculation Examination out of 19 presented. The result was very good. The Boarding House of the School is in a flourishing condition.

7. The attendance in the Gondal Girásia College decreased from 83 to 62 and the fee receipts from Rs. 16,380 to Rs. 13,685. The total expenditure upon the institution was Rs. 30,262 against Rs. 33,167 last year. 2 out of 3 students sent up for the Matriculation Examination passed that examination.

8. and 9. The Porbandar and Wankáner High Schools are in their infancy having been opened only during the last year. The former had 211 students on its roll and passed 4 out of 7 boys sent up for the Matriculation Examination. The latter had 212 boys and passed at the Matriculation Examination 5 out of 7 boys sent up. The fee receipts in the Porbandar High School rose from Rs. 864 to Rs. 1,551 and in the Wankáner High School from Rs. 657 to 797. Considering the short period that these schools have been in existence they can both be supposed to be doing very well. Altogether the High Schools in Káthiáwár have maintained their efficiency during the year and they are all well equipped with the necessary educational appliances and furniture.

Middle Schools.

The total No. of Middle Schools has increased from 42 to 44 by the opening of a new school at Chital and another at Shápur under Jámnnagar. The No. of pupils increased from 2,551 to 3,270. The fees increased from Rs. 28,070 to Rs. Rs. 30,197, and the total expenditure from Rs. 80,346 to Rs. 87,003. Of the 44 Middle Schools, 14 are under the control of the Agency, 1 is a private School of the Vala State placed under the inspection of the Agency Educational Department. 24 schools are under the control of the 1st and 2nd class States, 2 are aided, 3 are unaided. Of the 24 native State Schools, 2 are for girls, the Májiráj girls' school at Bhavnagar and the Monghiba English Class at Gondal. The former is attended by 16 pupils and the latter by 40.

The largest schools under the Agency are the Tálukdári Girásia School at Wadhván Camp and the Jetpur and Wadhván Camp Middle Schools. All the three schools are very efficient and gave good results at the Annual Examination. The other schools are also well managed and in an efficient condition. A dozen of the Native State Schools are well attended and most of the others are in a flourishing condition. But the School at Adhoi under Morvi is in a moribund condition and the Schools at Sardhár under Rájkot and Nágresh under Wadhván show a meagre attendance. The Native State Schools that were examined during the year generally gave satisfactory results.

Both the aided Schools are well attended and in an efficient condition.

The largest and most efficient of the unaided Schools is the Vibháji School at Jámnnagar.

Speaking generally the Middle Schools of Káthiáwár are well managed and in an efficient condition and possess the necessary educational appliances.

As remarked by me last year the progress of secondary education in Káthiáwár is steady. It would be more rapid if the disturbing factor of plague were absent.

IV.—PRIMARY EDUCATION.

The No. of Schools increased from 826 to 858 by the opening of 2 new Schools under the Agency and 34 in Native States and by the closing of 2 of the night schools and the same No. of unaided schools. The No. of pupils increased from 48,807 to 56,984. This large increase is chiefly due to more schools being open at the close of the year than last year. The No. of schools maintained by Native States rose from 813 to 847 and the No. of pupils in them from 47,182 to 55,823. The increase is mainly due to the cause stated in the above paragraph.

148 schools with 3,863 pupils teach the rural standards against 114 schools with 2,711 pupils last year.

Aided Schools.

The No. of these Schools has fallen from 13 to 11 and the number of students in them have diminished from 1,625 to 1,056.

Unaided Schools.

There are no unaided Schools in Káthiáwár.

Night Schools.

The number of these Schools has again declined from 7 to 5 and the number of pupils from 72 to 43. The fate of these Schools seems to be sealed, for little interest is taken in them by labouring or cultivating class.

Unrecognized Schools.

These Schools have increased from 224 to 228 in number, and the attendance in them from 9,710 to 11,585. Of the 228 Schools 15 are advanced and teach Arabic, Persian or Sanskrit, 75 teach a Vernacular only, 132 are Koran Schools and 6 are other Schools not conforming to Departmental Standards. The advanced schools are attended by 556 male students against 367 last year. The Vernacular Schools contain 4,971 boys and 580 girls, and the Koran Schools 3,310 boys and 1,897 girls. The other Schools have an attendance of 271 pupils.

Primary Schools for girls.

The number of Schools has remained unaltered, viz. 92 but the number of pupils has risen from 7,120 to 9,600. 1,133 girls attend boys' Schools, so the total number of girls under instruction in Primary Schools comes to 10,733. The number last year was 7,939. Of the 92 Schools on the list, 23 are under the Agency, 66 are under the complete control of 1st and 2nd class Native States, 2 are private, and 1 is an unaided school in the Wadhwan Civil Station.

There are trained Head Mistresses in 73 schools and the number of trained female assistants is 28. A majority of the girls' Schools have suitable accommodation and are being gradually supplied with Kindergarten and other materials for instruction according to the newer methods. The results of the annual Examinations were satisfactory on the whole. The Practising School attached to the Barton Female Training College which is a model school for the province and the Jetpur, Kotda-Sangani and Rajkot Civil Station girls' schools deserve special commendation for their efficiency and good management.

Examination results in Primary Schools.

There were 66,584 pupils in 950 Schools against 55,927 pupils in 918 Schools last year. Of these, 21,840 boys and 2,221 girls were in the upper Primary stage (I), as against 19,257 boys, and 1,795 girls last year. In the lower Primary stage (II) there were 22,850 boys and 4,738 girls. The corresponding figures for the last year were 19,737 boys and

3,370 girls. In the Lower Primary stage (III) there were 11,161 boys and 3,744 girls against 8,994 boys and 2,774 girls last year. The figures show that there has been an increase of pupils in all the three stages of instruction.

School-Houses.

The number of boys' and girls' schools together is 945. Of these 667 have specially erected buildings. The rest are accommodated in rented houses, Choras.&c.

V.—EDUCATIONAL SPECIAL CLASSES.

Mahomedans.

The number of Mahomedan pupils in Public Institutions increased from 10,802 to 12,597. Of these, 16 are in Art Colleges, 435 in secondary Schools and 12,146 in primary schools. The respective figures for the last year were 10,372 and 10,420. I note that as in last year, there is not a single Mahomedan Scholar in either of the Training Colleges. Consequently Mahomedan Masters for Primary Schools are hard to find.

In Private Institutions also, number of Mahomedan pupils was increased from 6,975 to 7,477. It is to be hoped that as a result of the deliberations of the Mahomedan Conference that met at Porbandar sometimes since there will be an increased demand for education in the community.

Aboriginal and Hill Tribes.

The number of pupils of this Class, it is gratifying to note, shows a large increase from 23 to 143, notwithstanding that there are no special arrangements for their education of the class in Káthiáwár.

Depressed Castes.

Pupils of these classes are only 11 in number. One of them attends a Primary School in Sorath and 10 are in Rájkot Mission School.

VI.—SPECIAL INSTRUCTION.

The number of Institutions for special instruction has remained the same as last year, viz. 3, but the number of pupils in them has risen from 693 to 729. The increase is owing to a larger number of students attending the Drawing and Modelling Class at Gondal than in the last year. There is only one agricultural class in the Province. It contains 59 boys and is attached to the Káthiáwár Male Training College, Rájkot.

Normal Schools.

There are in the Agency, Private and Native State Schools, 2,568 male and 208 female teachers against 2,494 male and 211 female teachers last year. Of the present male teachers 733 are trained and 1,835 untrained Masters. Of the female teachers 101 are trained Mistresses and 107 untrained Mistresses. The large numbers of untrained Masters and Mistresses show how large is the field for trained Masters in the Province. The average pay of a trained Head Master is Rs. 19-13-3 and an untrained Head Master Rs. 9-12-8, a trained assistant Rs. 12-11-1 and an untrained and unpassed assistant Rs. 5-3-11. Similar figures for Mistresses are Rs. 21-1-10, Rs. 11-8-0 Rs. 11-4-7 and Rs. 4-5-2.

The salaries of trained Masters and Assistants are sufficiently liberal. But except under the Agency and Junágadh State where the minimum pay of an assistant is Rs. 7 or 8, the untrained and unpassed assistants, who forms the bulk of teachers in the Province receive the almost starvation salary of Rs. 4 or 5. This should be sufficiently raised by Native States concerned in order that properly qualified persons may be induced to accept service in their schools.

Káthiáwár Male Training College.

There were 59 students on the roll of this College at the close of the year against 58 last year. Of the 59 students, 35 are studying in the 1st year's course and 24 the 2nd year's course. 66 students and a vernacular master from Porbandar were presented at the annual examination, 8 students and the master from Porbandar at Ahmedábád in the 3rd year's course and the rest at Rájkot. All the students presented at Ahmedábád passed, 5 in the first and 4 including the Porbandar Master in the second class in the order of merit. 2 of the successful students by name Harilál Kuberji and Chamanlál Chatrabhuj won the Hope Silver and Bronze Medals respectively for proficiency in the methods of teaching. The year under report was the sixth consecutive year in which one or the other of both the Hope Medals was won by a student from Káthiáwár.

All the students presented at the second year's examination passed, 16 in the first and 7 in the second class. In the first year's course, 35 students were examined and 34 passed. The results reflect great credit upon Mr. B. H. Buch, B. A., the Principal and his Assistants.

Over and above the 59 students on the roll of the Collegé mentioned in the beginning 8 students are studying the third year's course in the Premchand Ráichand Training College at Ahmedábád. This College teaches upto the 2nd year's course only. The 3rd year men have consequently to be sent to Ahmedábád to complete their training. The college supplied 32 teachers to the primary schools of the province during the year against 25 last year.

115 candidates appeared for the College Entrance Examination. Of this 71 passed and 26 were admitted to the 1st year's course. In the School of Art Examination, one of the students of the College won the second grade and 18 the first grade Art Certificate. The practising school of the College is in the same efficient and flourishing condition that it was in last year. 20 vernacular school masters of the province were invited to the college to receive special training in the more modern methods of instruction and the Drawing, Kindergarten and object lessons. Most of the Agency School Masters are now re-trained and it is expected that Primary Schools under them will be much benefited. The question of developing this College into a full course one is now before Government and the Native States of Káthiáwár. I have already submitted my proposals to you for developing the third year's course in it. The College has supplied some 420 trained teachers to the Primary Schools of the Province in all and is, besides, doing an excellent work in the matter of giving renewed training to the existing masters in the more modern methods of instruction and in the subject of Drawing, Kindergarten and object lessons recently introduced by Government in the vernacular standards. It is a central institution for the whole of Káthiáwár, and deserves special encouragement and support from the Native States, to all of which it has been very useful in the matter of Primary Education. The development of a third year's course in it will add to its usefulness and importance. It is to be hoped therefore that in view of the great good that it has done in the past in the province, the Native States will see their way to sanction my proposals for developing it into a full course College.

Barton Female Training College, Rájkot.

This College teaches all the three year's courses and had on its roll at the end of the year 22 students against 23 last year, of the 22 students, 6 are in the third year's course, 7 in the second year and 10 in the first year's course. 23 students were presented at the annual examination, 6 in the third year's course, 8 in the second year's course and 9 in the first year's course. All of them passed with 1st class certificates. The result is cent. per cent. and speak not a little for the zeal and capacity of Miss Corkery, the Lady Superintendent who has spared no pains in bringing the College to its high state of efficiency.

3 out of the 9 students that appeared for the 1st grade of school of Art examination passed that examination and the College sent out 11 trained female teachers to the schools of the province. 14 candidates appeared for the Entrance Examination of the College, 11 of

them passed and 10 of them were admitted to the Training College course some specimens of the Drawing and embroidery of the College were sent to the Industrial Exhibition held in Bombay in December last. The specimens received a certificate and a medal from Exhibition Committee.

About 20 Head Mistresses of Girls Schools under the Agency were called up to the College to undergo a special course of study in Drawing, Kindergarten and the newer methods of teaching. The class was joined by half a dozen mistresses from the Cutch State. Some of the Mistresses evinced great zeal and earnestness in learning up the new subjects and their new acquirements will be of great use to them in teaching the girls in their charge according to new standards.

The Practising School of the College had 142 pupils on its rolls against 128 last year. Its efficiency has been already noted by me in my remarks for Primary Schools.

Drawing Classes.

The number of Drawing Class was the same as last year, viz. 5. The number of out-side students decreased from 68 to 64 and the number of pupils already enumerated on the rolls of the existing institutions increased from 486 to 525.

Agricultural Classes.

There is no separate Agricultural Class in Káthiáwár. But the subject is taught to the normal scholars of Rájkot Training College as remarked by me in the former part of the report.

VII.—ADMINISTRATION AND MISCELLANEOUS.

I began my tour in November last and have visited parts of all the four divisions of the province with the special object of seeing how instruction according to the new methods was imparted in Primary Schools and administering advice to school masters where necessary. I had to return to Head Quarters from tour two or three times for the performance of official work which would best be done there and for the examination of the Primary Schools of the Rájkot Civil Station. Though Head of the Agency Educational Department I have to examine some 40 primary schools every year myself in addition to my other duties, for each of my assistants has about 125 schools to examine and more examination work cannot be given to them without detriment to the schools under the Agency. I am consequently, somewhat hampered in the work of general supervision but owing to the successive bad years through which Káthiáwár has been passing, nothing can be done at present in the direction of employing an additional hand in the Inspecting Staff of the Agency.

Both my Assistants also have travelled a good deal during the year and done excellent work. As fortunately plague was not so generally prevalent in Káthiáwár as in last year, they were able to visit all the schools in their charge during the year under report.

Public Service Certificate Examination.

This examination was held in vernacular in September last, 3 candidates appeared at it and all of them passed. I expect a larger number of candidates in the next examination as under a recent circular, success in the examination will be looked upon as a qualification for an assistantship in the Primary Schools under the Agency. The number is also likely to increase by the other Agency Departments considering certificates of success in the examination as qualifying for the lower grades of appointments under them.

Plague.

Though this dreadful disease was not so general as in last year and fewer schools were closed at the end of the year on account of it, still the mortality in the Depart-

ment was great. 18 Masters, 442 pupils and 8 Clerks and servants died of the disease. The havoc caused was greatest in the Junágadh and Jámnnagar States, where alone the losses were 10 Masters, 218 pupils and 5 servants. The mortality was very low in those places which were evacuated on the first signs of an out-break and in which the Schools were promptly closed.

Physical Education.

As reported by me last year, this side of education was generally well attended to. In point of drill and gymnastics the Male Training College stands pre-eminent. In the Female Training College the students are made to do domestic work in addition to calisthenics and drill. Cricket is very popular in secondary Schools and several matches were played in the High Schools during the year. Most of the Primary Schools have the necessary gymnastic kit supplied to them and the pupils are taught drill and physical exercises by the properly qualified masters who receive small allowances for their additional work. On the whole steady progress in physical education is observable in all institutions,
